

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Steven McCoy
DOCKET NO.: 21-36758.001-R-1
PARCEL NO.: 14-19-429-052-0000

The parties of record before the Property Tax Appeal Board are Steven McCoy, the appellant, by attorney Dora Cornelio, of Schmidt Salzman & Moran, Ltd. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$40,312
IMPR.: \$42,647
TOTAL: \$82,959

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story, multi-family building of frame and masonry exterior construction with 3,863 square feet of building area. The building is approximately 113 years old. Features include a full basement, central air conditioning, and a 2-car garage. The property has a 3,225 square foot site and is located in Chicago, Lake View Township, Cook County. The subject is classified as a class 2-11 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on five equity comparables that are located in the subject's assessment neighborhood code. The comparables are improved with 2-story or 3-story, class 2-11 multi-family buildings of frame or masonry exterior construction ranging in size from 3,666 to 4,100 square feet of building area. The

buildings range in age from 110 to 130 years old. Three comparables each have a full basement. Three comparables have either a 1.5-car or a 3.5-car garage. The comparables have improvement assessments ranging from \$25,250 to \$35,250 or from \$6.54 to \$8.60 per square foot of building area. Based on this evidence, the appellant requested that the subject's improvement assessment be reduced to \$27,427 or \$7.10 per square foot of building area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$82,959. The subject property has an improvement assessment of \$42,647 or \$11.04 per square foot of building area. In support of its contention of the correct assessment, the board of review submitted information on three equity comparables that are located within the subject's assessment neighborhood code. The comparables are improved with 2-story, class 2-11 multi-family buildings of frame or frame and masonry exterior construction ranging in size from 3,001 to 3,567 square feet of building area. The buildings range in age from 121 to 133 years old. Two comparables each have a full basement, one of which is finished with an apartment, and one comparable has a crawl space foundation. Two comparables each have central air conditioning. One comparable has a fireplace. Each comparable has a 2-car or a 2.5-car garage. The comparables have improvement assessments ranging from \$34,211 to \$60,937 or from \$11.20 to \$17.80 per square foot of building area. Based on this evidence, the board of review requested the subject's assessment be confirmed.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted eight suggested equity comparables for the Board's consideration. The Board finds the best evidence of assessment equity to be the appellant's comparable #5 as well as board of review comparables #1 and #3 which are overall more similar to the subject in location, design, age, and building size with varying degrees of similarity in other features. Two comparables each lack central air conditioning and one comparable lacks a garage, which are both features of the subject, suggesting upward adjustments for these differences would be appropriate to make them more equivalent to the subject. These three comparables have improvement assessments ranging from \$35,250 to \$60,937 or from \$8.60 to \$17.80 per square foot of building area. The subject's improvement assessment of \$42,647 or \$11.04 per square foot of building area falls within the range established by the best comparables in this record. The Board gives less weight to the appellant's #1 through #4 which differ from the subject in foundation type or have a dissimilar 3-story design when compared to the subject's 2-story design. The Board also gives less weight to board of review comparable #2 due to differences in building size and foundation type when compared to the subject. After considering adjustments to the best comparables for differences when compared to the subject, the Board finds a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
