

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Ben Greene
DOCKET NO.: 21-36781.001-R-1
PARCEL NO.: 14-18-132-010-0000

The parties of record before the Property Tax Appeal Board are Ben Greene, the appellant, by attorney Dora Cornelio, of Schmidt Salzman & Moran, Ltd. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$27,603
IMPR.: \$64,397
TOTAL: \$92,000

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of frame exterior construction with 3,256 square feet of living area. The dwelling is approximately 118 years old. Features of the home include a basement, central air conditioning, and a 1-car garage. The property has a 3,067 square foot site and is located in Chicago, Lake View Township, Cook County. The subject is classified as a class 2-06 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity regarding the improvement assessment as the basis of the appeal. In support of this argument the appellant submitted information on five equity comparables located within the same assessment neighborhood code as the subject. The comparables are improved with 2-story, class 2-06 homes of frame exterior construction ranging in size from 2,959 to 3,536 square feet of living area. The dwellings range in age from 111 to

133 years old. Four comparables each have a basement and a 3.5-car garage.¹ One home has a fireplace. The comparables have improvement assessments ranging from \$37,988 to \$50,690 or from \$10.75 to \$16.40 per square foot of living area.

Based on this evidence, the appellant requested a reduction in the subject's assessment to \$47,570.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$92,000. The subject property has an improvement assessment of \$64,397 or \$19.78 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on four equity comparables located within the same assessment neighborhood code as the subject. The comparables are improved with 2-story, class 2-06 homes of frame or masonry exterior construction ranging in size from 2,402 to 2,640 square feet of living area. The dwellings range in age from 107 to 128 years old. Each home has a basement, three of which have finished area, and central air conditioning. Three homes each have one or two fireplaces and two homes each have a 2-car garage. The comparables have improvement assessments ranging from \$69,561 to \$85,875 or from \$28.96 to \$33.68 per square foot of living area.

Based on this evidence the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains a total of nine equity comparables for the Board's consideration. The Board gives less weight to the appellant's comparables #1 and #3 and the board of review's comparables, which are less similar to the subject in dwelling size, age, and/or foundation type.

The Board finds the best evidence of assessment equity to be the appellant's comparables #2, #4, and #5, which are more similar to the subject in dwelling size, age, location, and most features, although these comparables lack central air conditioning which is a feature of the subject, suggesting upward adjustments to these comparables would be needed to make them more equivalent to the subject. These comparables have improvement assessments that range from \$37,988 to \$50,690 or from \$12.62 to \$16.40 per square foot of living area. The subject's improvement assessment of \$64,397 to \$19.78 per square foot of living area falls above the range established by the best comparables in this record. However, after considering appropriate

¹ Additional details regarding these comparables are found in the information sheets presented by the appellant.

adjustments to the best comparables for differences from the subject, such as their smaller dwelling sizes compared to the subject and their lack of central air conditioning, the Board finds the subject's improvement assessment is supported. Based on this record, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
