

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Blake Ugron
DOCKET NO.: 21-37575.001-R-1
PARCEL NO.: 14-29-112-031-0000

The parties of record before the Property Tax Appeal Board are Blake Ugron, the appellant, by attorney Brian S. Maher of Weis, DuBrock, Doody & Maher in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$46,500
IMPR.: \$102,500
TOTAL: \$149,000

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of frame exterior construction with 2,835 square feet of living area. The dwelling is approximately 7 years old. The home features a full basement that is finished with a formal recreation room, central air conditioning, two fireplaces and a two-car garage. The property has a 3,100 square foot site and is located in Chicago, Lake View Township, Cook County. The subject is classified as a class 2-78 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument the appellant submitted information on four equity comparables that have the same assessment neighborhood code as the subject, three of which are located on the same street as the subject property. The comparables are improved with two-story or three-story dwellings of frame or masonry exterior construction ranging in size from 2,336 to

3,368 square feet of living area. The dwellings are from 11 to 22 years old. Each comparable has a full basement that is finished with a recreation room, one or two fireplaces and a two-car garage. Three comparables have central air conditioning. The comparables have improvement assessments that range from \$60,500 to \$110,500 or from \$24.45 to \$32.81 per square foot of living area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$79,351 or \$27.99 per square foot of living area.

The board of review submitted its "board of review notes on appeal" disclosing the total assessment for the subject of \$149,000. The subject property has an improvement assessment of \$102,500 or \$36.16 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on four equity comparables that have the same assessment neighborhood code as the subject and are located either on the same block or approximately ¼ of a mile from the subject property, where two comparables are also on the same street as the subject. The comparables are class 2-78 properties improved with two-story dwellings of frame exterior construction ranging in size from 2,778 to 2,966 square feet of living area. The dwellings are each 7 years old. The comparables each have a full basement that is finished with a formal recreation room, central air conditioning, one to three fireplaces and a two-car garage. The comparables have improvement assessments that range from \$110,125 to \$121,125 or from \$37.56 to \$43.60 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted a total of eight comparable properties for the Board's consideration. The Board has given less weight to the appellant's comparables which are less similar to the subject dwelling in size and/or they have a dissimilar three-story design, when compared to the subject's two-story design. Additionally, two of the appellant's comparable dwellings are considerably older than the subject and/or lack central air conditioning, a feature of the subject.

The Board finds the best evidence of assessment equity to be the comparables submitted by the board of review, which are overall most similar to the subject in location, dwelling size, design, age and many features. These four comparables have improvement assessments ranging from \$110,125 to \$121,125 or from \$37.56 to \$43.60 per square foot of living area. The subject's improvement assessment of \$102,500 or \$36.16 per square foot of living area falls below the range established by the best comparables in the record. Based on this record and after considering adjustments to the best comparables for differences when compared to the subject,

the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
