

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Vu Truong
DOCKET NO.: 21-37637.001-R-1
PARCEL NO.: 14-05-117-004-0000

The parties of record before the Property Tax Appeal Board are Vu Truong, the appellant, by attorney Ciarra Schmidt, of Schmidt Salzman & Moran, Ltd. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$17,802
IMPR.: \$26,991
TOTAL: \$44,793

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of frame exterior construction with 2,509 square feet of living area.¹ The home is approximately 1 year old. Features include a full basement with finished area and one fireplace. The property has a 3,870 square foot site and is located in Chicago, Lake View Township, Cook County. The subject is classified as a class 2-78 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on five equity comparables, three of which are located within the same assessment neighborhood code as the subject. The comparables are improved with 2-story, class 2-05 dwellings of frame or stucco

¹ The Board finds the best description of the subject, including age, dwelling size, and class code, was found in the evidence presented by the board of review, which was unrefuted by the appellant. The appellant also disclosed the subject's dwelling size in the brief.

exterior construction ranging in size from 1,728 to 2,024 square feet of living area. The homes range in age from 110 to 130 years old. The comparables each have a full or partial basement. One comparable has one fireplace. Three comparables each have a 1.5-car or 2.5-car garage. The comparables have improvement assessments ranging from \$16,000 to \$21,304 or from \$8.66 to \$10.53 per square foot of living area. Based on this evidence, the appellant requested that the improvement assessment be reduced.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$44,793. The subject property has an improvement assessment of \$26,991 or \$10.76 per square foot of living area. In support of its contention of the correct assessment, the board of review submitted information on four equity comparables with the same assessment neighborhood code as the subject. The comparables are improved with 2-story, class 2-78 dwellings of frame exterior construction ranging in size from 2,120 to 3,071 square feet of living area. The homes range in age from 3 to 7 years old. Each comparable has a full basement with finished area, central air conditioning, and a 2-car or 3-car garage. Three comparables each have one fireplace. The comparables have improvement assessments ranging from \$70,200 to \$101,240 or from \$29.54 to \$33.11 per square foot of living area. Based on this evidence, the board of review requested that the subject's assessment be confirmed.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted nine suggested equity comparables for the Board's consideration. The Board gives less weight to the appellant's comparables which are less similar to the subject in age and dwelling size than the board of review comparables. Further, the appellant's comparables #1 and #2 are located in different neighborhoods than the subject. The Board also gives less weight to board of review comparable #3 which is a substantially larger home than the subject.

The Board finds the best evidence of assessment equity to be board of review comparables #1, #2, and #4 which are larger homes than the subject but similar in location, design/class, and age with varying degrees of similarity in other features. These comparables have improvement assessments ranging from \$70,200 to \$101,240 or from \$29.54 to \$33.11 per square foot of living area. The subject's improvement assessment of \$26,991 or \$10.76 per square foot of living area falls below the range established by the best comparables in this record. After considering appropriate adjustments to the best comparables for differences when compared to the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
