

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Nancy Guigle
DOCKET NO.: 21-37639.001-R-1
PARCEL NO.: 14-28-116-021-0000

The parties of record before the Property Tax Appeal Board are Nancy Guigle, the appellant, by attorney Ciarra J. Schmidt, of Schmidt Salzman & Moran, Ltd. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds a reduction in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$98,010
IMPR.: \$118,287
TOTAL: \$216,297

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 3-story multi-family building of masonry exterior construction with 7,347 square feet of building area. The building is approximately 133 years old and has a full unfinished basement. The property has a 6,534 square foot site and is located in Chicago, Lake View Township, Cook County. The subject is classified as a class 2-11 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on five comparables with the same assessment neighborhood code as the subject. The comparables are class 2-11 properties improved with 3-story multi-family buildings of masonry exterior construction ranging in size from 6,660 to 7,943 square feet of building area. The buildings are 117 to 124 years old and have partial or full basements, four of which are finished with an apartment. One

comparable has central air conditioning and one comparable has a fireplace. Two comparables each have a 2-car garage. The comparables have improvement assessments that range from \$75,370 to \$118,165 or from \$11.17 to \$17.74 per square foot of building area. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$244,288. The subject property has an improvement assessment of \$146,278 or \$19.91 per square foot of building area.

In support of its contention of the correct assessment, the board of review submitted information on four equity comparables with the same assessment neighborhood code as the subject property. The comparables are class 2-11 properties improved with 2-story or 3-story multi-family buildings of masonry exterior construction ranging in size from 2,404 to 10,518 square feet of building area. The buildings are 112 to 141 years old. Three comparables have full basements, two of which are finished with an apartment or a recreation room. One comparable has a slab foundation. Three comparables each have a 2-car garage. The comparables have improvement assessments that range from \$57,750 to \$211,650 or from \$20.12 to \$27.10 per square foot of building area. Based on this evidence, the board of review requests confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant met this burden of proof and a reduction in the subject's assessment is warranted.

The record contains nine suggested equity comparables for the Board's consideration. The Board gives less weight to appellant's comparable #1 which lacks basement finish when compared to the subject. The Board gives less weight to appellant's comparables #2 and #4 which have features the subject lacks such as a 2-car garage, a fireplace and/or central conditioning. The Board gives less weight to the board of review comparables due to significant differences in building size when compared to the subject.

The Board finds the best evidence of equity to be appellant's comparables #3 and #5 which overall are most similar to the subject in location, age, building size and features. These comparables have improvement assessments of \$99,185 and \$118,165 or \$14.45 and \$17.74 per square foot of building area. The subject's improvement assessment of \$146,278 or \$19.91 per square foot of building area is above the improvement assessments of the best comparables in this record. Based on this record and after considering adjustments to the best comparables for differences when compared to the subject, the Board finds the appellant demonstrated with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
