

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Barbara Sessions
DOCKET NO.: 21-37657.001-R-1
PARCEL NO.: 14-29-226-006-0000

The parties of record before the Property Tax Appeal Board are Barbara Sessions, the appellant, by attorney Ciarra J. Schmidt, of Schmidt Salzman & Moran, Ltd. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$73,920
IMPR.: \$220,080
TOTAL: \$294,000

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 3-story dwelling of masonry exterior construction with 7,171 square feet of living area. The dwelling is approximately 18 years old. Features of the home include a full basement finished with a recreation room, central air conditioning, six full baths, four fireplaces and a 2.5-car garage. The property has a 4,224 square foot site and is located in Chicago, Lake View Township, Cook County. The subject is classified as a class 2-09 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument the appellant submitted information on five equity comparables, four of which have the same assessment neighborhood code as the subject. The comparables are class 2-09 properties improved with 3-story dwellings of masonry exterior construction ranging in size from 5,410 to 7,696 square feet of living area. The dwellings are

reported to be 0 to 65 years old. One comparable has a partial basement, one of which has finished area. Each comparable has central air conditioning, four or seven full baths, and a 2-car to a 4-car garage. Three comparables each have one fireplace. The comparables have improvement assessments ranging from \$126,032 to \$211,250 or from \$19.52 to \$27.45 square feet of living area. Based on this evidence the appellant requested a reduction in the subject's assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$294,000. The subject property has an improvement assessment of \$220,080 or \$30.69 per square foot of living area. In support of its contention of the correct assessment the board of review submitted information on four equity comparables with a different assessment neighborhood code than the subject. The comparables are class 2-09 properties improved with 3-story dwellings of masonry exterior construction ranging in size from 5,586 to 6,478 square feet of living area. The homes are 7 to 17 years old and have full basements, three with finished area. Each comparable has central air conditioning, four to six full baths, one to five half baths, and two to five fireplaces. Three comparables each have a 2-car or a 4-car garage. The comparables have improvement assessments ranging from \$184,404 to \$256,835 or from \$33.00 to \$39.65 per square foot of living area. Based on this evidence the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains nine suggested comparables for the Board's consideration. The Board gives less weight to appellant's comparables #1 through #4 as well as board of review comparables #1, #3 and #4 due to lack of a basement foundation and/or less similar in dwelling size when compared to the subject.

The Board finds the best evidence of equity to be appellant's comparable #5 along with board of review comparable #2 which overall are more similar to the subject in age, dwelling size and features. These comparables have improvement assessments of \$211,250 and \$256,835 or \$27.45 and \$39.65 per square foot of living area. The subject's improvement assessment of \$220,080 or \$30.69 per square foot of living area is bracketed by the best comparables in this record. After considering adjustments to the best comparables for differences when compared to the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
