

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Malcolm McGuffey  
DOCKET NO.: 21-37671.001-R-1  
PARCEL NO.: 14-20-313-021-0000

The parties of record before the Property Tax Appeal Board are Malcolm McGuffey, the appellant, by attorney Ciarra J. Schmidt, of Schmidt Salzman & Moran, Ltd. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$48,300  
**IMPR.:** \$36,875  
**TOTAL:** \$85,175

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a 2-story building of masonry exterior construction with 2,162 square feet of building area. The building is approximately 113 years old. The property features a full unfinished basement and a 2-car garage. The property has a 3,220 square foot site and is located in Chicago, Lakeview Township, Cook County. The subject is classified as a class 2-11 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on five comparables with the same assessment neighborhood code as the subject. The comparables are class 2-11 properties improved with 2-story multi-family buildings of frame, masonry, or frame and masonry exterior construction ranging in size from 2,000 to 2,296 square feet of building area. Based on their property characteristics sheets, the buildings are 115 to 130 years old and have

full unfinished basements. Comparable #1 has a 3.5-car garage. The comparables have improvement assessments that range from \$19,036 to \$23,375 or from \$9.42 to \$10.39 per square foot of building area. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$85,175. The subject property has an improvement assessment of \$36,875 or \$17.06 per square foot of building area.

In support of its contention of the correct assessment, the board of review submitted information on four equity comparables with the same assessment neighborhood code as the subject property. One comparable is located within a ¼ of mile from the subject and three comparables are on the same block, all of which are on the same street as the subject. The comparables are class 2-11 properties improved with 2-story multi-family buildings of masonry exterior construction ranging in size from 2,201 to 2,376 square feet of building area. The buildings are 113 years old and have full basements, one of which is finished with a recreation room. Two comparables each have a 2-car garage. The comparables have improvement assessments that range from \$47,808 to \$58,000 or from \$20.75 to \$26.35 per square foot of building area. Based on this evidence, the board of review requests confirmation of the subject's assessment.

### **Conclusion of Law**

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains nine suggested equity comparables for the Board's consideration. The Board gives less weight to the appellant's comparables which are less similar to the subject in age and/or location than the comparables submitted by the board of review. The Board gives less weight to board of review comparable #1 which has finished basement area unlike the subject.

The Board finds the best evidence of equity to be board of review comparables #2, #3 and #4 which overall are more similar to the subject in location, age, building size and most features. These comparables have improvement assessments ranging from \$47,808 to \$52,640 or from \$20.75 to \$22.15 per square foot of building area. The subject's improvement assessment of \$36,875 or \$17.06 per square foot of building area is below the range established by the best comparables in this record. Based on this record and after considering adjustments to the best comparables for differences when compared to the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
