

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Ken Schwartz
DOCKET NO.: 21-37911.001-R-1
PARCEL NO.: 03-02-203-003-0000

The parties of record before the Property Tax Appeal Board are Ken Schwartz, the appellant, by Amy C. Floyd, Attorney at Law in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$4,025
IMPR.: \$19,394
TOTAL: \$23,419

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of frame exterior construction with 2,072 square feet of living area. The home is approximately 28 years old. Features include a full basement, central air conditioning, one fireplace, and a 2-car garage. The property has a 7,000 square foot site and is located in Wheeling, Wheeling Township, Cook County. The subject is classified as a class 2-78 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on four equity comparables that are located in the subject's assessment neighborhood code. The comparables are improved with 2-story, class 2-78 dwellings of frame or frame and masonry exterior construction ranging in size from 2,561 to 2,698 square feet of living area. The homes are either 27 or 30 years old. Each comparable has a partial basement; however, the appellant did not

disclose whether the basements have finished area. Each comparable has central air conditioning and three comparables each have one fireplace. The appellant did not disclose whether the comparables have garages although copies of photographs of the comparables submitted by the appellant depict each comparable having a garage. The comparables have improvement assessments ranging from \$18,588 to \$20,591 or from \$7.08 to \$7.63 per square foot of living area. Based on this evidence, the appellant requested that the improvement assessment be reduced to \$15,105 or \$7.29 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$23,419. The subject property has an improvement assessment of \$19,394 or \$9.36 per square foot of living area.

In support of its contention of the correct assessment, the board of review submitted information on four equity comparables that are located in the subject's assessment neighborhood code. The comparables are improved with 2-story, class 2-78 dwellings of frame exterior construction ranging in size from 2,253 to 2,561 square feet of living area. The homes range in age from 26 to 28 years old. Each comparable has a full or partial basement, central air conditioning, one fireplace, and a 2-car garage. The comparables have improvement assessments ranging from \$21,832 to \$25,755 or from \$9.58 to \$10.75 per square foot of living area. Based on this evidence, the board of review requested that the subject's assessment be confirmed.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted eight suggested comparables for the Board's consideration. The Board finds the best evidence of assessment equity to be board of review comparables #1 and #2 which are overall more similar to the subject in location, design, age, dwelling size, and other features. These comparables have improvement assessments of \$21,832 to \$25,755 or from \$9.69 to \$10.75 per square foot of living area, respectively. The subject's improvement assessment of \$19,394 or \$9.36 per square foot of living area falls below the two best comparables in this record. The Board gives less weight to the appellant's comparables as well as board of review comparables #3 and #4 which are substantially larger homes than the subject. After considering appropriate adjustments to the two best comparables for differences from the subject, the Board finds the subject's improvement is supported and a reduction is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
