

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Dimitrios Tsevis  
DOCKET NO.: 21-38002.001-R-1  
PARCEL NO.: 03-08-211-018-0000

The parties of record before the Property Tax Appeal Board are Dimitrios Tsevis, the appellant, by Amy C. Floyd, Attorney at Law in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$4,586  
**IMPR.:** \$22,188  
**TOTAL:** \$26,774

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a multi-level dwelling of frame exterior construction with 1,368 square feet of living area. The dwelling is approximately 47 years old. Features of the home include a partial basement with finished area, central air conditioning, and a 2-car garage. The property has a 7,976 square foot site and is located in Buffalo Grove, Wheeling Township, Cook County. The subject is classified as a class 2-34 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity as the basis of the appeal. In support of this argument, the appellant submitted information on four comparables located within the same assessment neighborhood code as the subject. The comparables consist of class 2-34 multi-level dwellings of frame or frame and masonry exterior construction ranging in size from 1,313 to 1,810 square feet of living area. The dwellings are from 53 to 63 years old and have partial basements. The appellant did not provide in the grid analysis the information concerning the

comparables proximity to the subject, if the basements have finished area, or if the comparables have a garage amenity. However, the exterior photographs provided by the appellant depict at least three comparables have a garage. The comparables have improvement assessments ranging from \$15,095 to \$19,646 or from \$9.54 to \$12.11 per square foot of living area. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment to \$15,773 or \$11.52 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$26,774. The subject property has an improvement assessment of \$22,188 or \$16.22 per square foot of living area.

In support of the correct assessment, the board of review provided information on four comparables located within the same assessment neighborhood code as the subject and within the subject's same block or approximately ¼ of a mile from the subject. The comparables consist of class 2-34 multi-level dwellings of frame exterior construction ranging in size from 1,166 to 1,238 square feet of living area. The dwellings are from 45 to 48 years old. Each dwelling has a partial basement with finished area, central air conditioning and a 2-car garage. Three comparables each have one fireplace. These comparables have improvement assessments ranging from \$19,391 to \$24,578 or from \$16.63 to \$19.98 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

### **Conclusion of Law**

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains nine comparables submitted by the parties for the Board's consideration. The Board gives less weight to the appellant's comparables which differ from the subject in age, dwelling size, and/or lack central air conditioning, which is a feature of the subject dwelling.

The Board finds the best evidence of assessment equity to be the board of review comparables which are more similar to the subject in design, age, dwelling size, location and most features. These four comparables have improvement assessments ranging from \$19,391 to \$24,578 or from \$16.63 to \$19.98 per square foot of living area. The subject's improvement assessment of \$22,188 or \$16.22 per square foot of living area falls within the range established by the best comparables in the record on an overall basis and below on a per-square-foot basis. After considering adjustments to the best comparables for differences when compared to the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
