

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Robert Gunn
DOCKET NO.: 21-38003.001-R-1
PARCEL NO.: 03-31-109-034-0000

The parties of record before the Property Tax Appeal Board are Robert Gunn, the appellant, by Amy C. Floyd, Attorney at Law in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$6,022
IMPR.: \$32,799
TOTAL: \$38,821

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of frame and masonry exterior construction with 2,599 square feet of living area. The dwelling is 55 years old. Features of the dwelling include a partial unfinished basement, central air conditioning, 1 fireplace and a 2-car garage.¹ The property has a 9,636 square foot site and is located in Arlington Heights, Wheeling Township, Cook County. The subject is classified as a class 2-78 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument the appellant submitted information on four comparables that have the same assessment neighborhood code as the subject property. The comparables consist of class 2-78, 2-story dwellings of frame and masonry exterior construction ranging in

size from 2,296 to 2,854 square feet of living area. The dwellings are from 54 to 57 years old. The dwellings each have a partial basement. Each comparable has central air conditioning and 1 fireplace. No data was provided by the appellant whether the comparables have finished basement area or garage amenity; however, the exterior photographs provided by the appellant depict each comparable has a garage. The comparables have improvement assessments that range from \$22,942 to \$27,842 or from \$9.76 to \$10.09 per square foot of living area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$25,782 or \$9.92 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$38,821. The subject property has an improvement assessment of \$32,799 or \$12.62 per square foot of living area. In support of its contention of the correct assessment the board of review submitted information on four comparables located within the same assessment neighborhood code and the same block as the subject property. The comparables consist of class 2-78, 2-story dwellings of frame and masonry exterior construction ranging in size from 2,383 to 2,925 square feet of living area. The dwellings are 56 to 58 years old. Each dwelling has a full or partial basement, one of which has finished area, and a 2-car garage. Two comparables each have central air conditioning, and three comparables each have 1 fireplace. The comparables have improvement assessments that range from \$32,312 to \$37,182 or from \$12.71 to \$14.51 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted eight equity comparables for the Board's consideration. The Board has given less weight to the appellant's comparable #3 and the board of review comparable #3 which are less similar to the subject in dwelling size than the other comparables in the record.

The Board finds the best evidence of assessment equity to be the parties' remaining comparables which are relatively similar to the subject in design, dwelling size, age, location and some features. These six comparables have improvement assessments ranging from \$25,360 to \$35,473 or from \$9.76 to \$14.51 per square foot of living area. The subject's improvement assessment of \$32,799 or \$12.62 per square foot of living area falls within the range established by the best comparables in the record. After considering adjustments to the best comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
