

# FINAL ADMINISTRATIVE DECISION ILLINOIS PROPERTY TAX APPEAL BOARD

APPELLANT: Justin Greenstein
DOCKET NO.: 21-38018.001-R-1
PARCEL NO.: 14-19-322-015-0000

The parties of record before the Property Tax Appeal Board are Justin Greenstein, the appellant, by Amy C. Floyd, Attorney at Law in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds <u>A Reduction</u> in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$38,750 **IMPR.:** \$26,657 **TOTAL:** \$65,407

Subject only to the State multiplier as applicable.

## **Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

#### **Findings of Fact**

The subject property consists of a 2-story multi-family building of frame exterior construction with 2,318 square feet of building area. The building is approximately 131 years old. Features of the building include a concrete slab foundation, central air conditioning and a 2-car garage. The property has an approximately 3,100 square foot site and is located in Chicago, Lake View Township, Cook County. The subject is classified as a class 2-11 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument the appellant submitted information on four equity comparables located in the same assessment neighborhood code as the subject property. The comparables are improved with 2-story class 2-11 buildings of frame or frame and masonry exterior construction ranging in size from 2,052 to 2,724 square feet of building area. The buildings range in age from 128 to 133 years old. Three comparables have a concrete slab

foundation and one comparable has "full" reported as its finished basement area. One building has central air conditioning and two fireplaces. The comparables have improvement assessments ranging from \$17,610 to \$28,438 or from \$8.35 to \$10.83 per square foot of building area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$21,859 or \$9.43 per square foot of building area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$70,000. The subject property has an improvement assessment of \$31,250 or \$13.48 per square foot of building area. In support of its contention of the correct assessment the board of review submitted information on four equity comparables located in the same assessment neighborhood code and the same block as the subject property. The comparables are improved with 2-story properties that are either a class 2-11 multi-family building or a 2-78 dwelling of frame or frame and masonry exterior construction ranging in size from 1,428 to 2,147 square feet of building area. The buildings range in age from 24 to 133 years old. Two comparables have a basement, one of which has finished area and two buildings have a crawl space foundation. One home has central air conditioning and two fireplaces. Each comparable has a 2-car garage. The comparables have improvement assessments ranging from \$22,862 to \$52,408 or from \$15.97 to \$24.41 per square foot of building area. Based on this evidence, the board of review requested the subject's assessment be confirmed.

## **Conclusion of Law**

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant met this burden of proof and a reduction in the subject's assessment is warranted.

The parties submitted eight equity comparables for the Board's consideration. The Board gives less weight to appellant comparable #2 along with the board of review comparables which differ from the subject in age, classification, building size and/or foundation type.

The Board finds the best evidence of assessment equity to be appellant comparables #1, #3 and #4 which are more similar to the subject in location, age, design, building size and most features. However, each of these properties lack a garage amenity and central air conditioning, suggesting upward adjustments are needed to make these properties more equivalent to the subject. These best comparables have improvement assessments ranging from \$20,563 to \$28,438 or from \$8.35 to \$10.83 per square foot of building area. The subject's improvement assessment of \$31,250 or \$13.48 per square foot of building area falls above the range established by the best comparables in this record on an overall improvement assessment basis and within the range on a per square foot basis. After considering appropriate adjustments to the best comparables for differences from the subject, the Board finds the appellant demonstrated with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
