

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Michael Lawler
DOCKET NO.: 21-38021.001-R-1
PARCEL NO.: 14-19-222-027-0000

The parties of record before the Property Tax Appeal Board are Michael Lawler, the appellant, by Amy C. Floyd, Attorney at Law in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$39,062
IMPR.: \$32,937
TOTAL: \$71,999

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2.5-story multi-family building¹ of frame exterior construction with 2,576 square feet of building area that is approximately 125 years old and features an unfinished basement and 3-full bathrooms. The property has an approximately 3,125 square foot site and is located in Chicago, Lake View Township, Cook County. The subject is classified as a class 2-11 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument the appellant submitted information on four equity comparables located in the same assessment neighborhood code as the subject property. The comparables are improved with 2-story class 2-11 multi-family buildings of frame or masonry

¹ The appellant depicted the subject is "4 or more" stories while the board of review reported the subject is a 1.5-story building. Photographs of the subject building depict the property to be 2 or more story in design. Based on the evidence in the record, the Board finds the subject is a 2.5-story building.

exterior construction ranging in size from 2,190 to 3,025 square feet of building area. The buildings are 118 or 123 years old. The appellant reported “full” or “partial” for three comparables in the finished basement area line of the grid. One comparable has a concrete slab foundation. The buildings have either 2 or 3-full bathrooms. The comparables have improvement assessments ranging from \$14,719 to \$22,250 or from \$4.88 to \$9.40 per square foot of building area. Based on this evidence, the appellant requested the subject’s improvement assessment be reduced to \$20,067 or \$7.79 per square foot of building area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$71,999. The subject property has an improvement assessment of \$32,937 or \$12.79 per square foot of building area. In support of its contention of the correct assessment the board of review submitted information on four equity comparables located in the same assessment neighborhood code and on the same block as the subject property. The comparables are improved with 2-story or 3-story class 2-11 multi-family buildings of frame or masonry exterior construction ranging in size from 2,578 to 3,648 square feet of building area. The buildings range in age from 112 to 128 years old. Each comparable has an unfinished basement and from 2 to 4-full bathrooms. One building has central air conditioning, one property has a fireplace and two comparables have either a 2-car or a 3-car garage. The comparables have improvement assessments ranging from \$35,412 to \$66,412 or from \$13.61 to \$20.53 per square foot of building area. Based on this evidence, the board of review requested the subject’s assessment be confirmed.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted eight equity comparables for the Board’s consideration. The Board gives less weight to appellant comparables #1, #2 and #3 along with board of review comparables #1 and #3 which are less similar to the subject in building size, foundation type and/or presence of central air conditioning.

The Board finds the best evidence of assessment equity to be appellant comparable #4 and board of review comparables #2 and #4 which are more similar to the subject in location, age and building size. Although these best comparables present varying degrees of similarity to the subject in bathroom count and garage capacity, suggesting adjustments are needed to make these properties more equivalent to the subject. These best comparables have improvement assessments ranging from \$22,250 to \$52,937 or from \$9.40 to \$20.53 per square foot of building area. The subject's improvement assessment of \$32,937 or \$12.79 per square foot of building area falls within the range established by the best comparables in this record. After considering adjustments to the best comparables for differences from the subject, the Board finds

the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
