

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Bill Mattson
DOCKET NO.: 21-38400.001-R-1
PARCEL NO.: 14-19-424-004-0000

The parties of record before the Property Tax Appeal Board are Bill Mattson, the appellant, by attorney Joanne Elliott, of Elliott & Associates Attorneys, PLLC in Des Plaines; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **A Reduction** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$72,500
IMPR.: \$80,455
TOTAL: \$152,955

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 3-story apartment building of masonry exterior construction with 6,189 square feet of gross building area.¹ The building is approximately 107 years old. Features of the building include a full basement. The property has a 5,800 square foot site and is located in Chicago, Lake View Township, Cook County. The subject is classified as a class 2-11 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument the appellant submitted information on five equity comparables located within .83 of a mile of the subject and within the subject's assessment neighborhood. The comparables consist of 2-story or 3-story buildings of masonry or frame and

masonry exterior construction ranging in size from 5,625 to 6,357 square feet of gross building area. The buildings are 98 to 115 years old. Three buildings each have a full basement and two buildings each have either a concrete slab or crawl space foundation. Three comparables each have either a 1-car, 2-car, or 2.5-car garage. The comparables have improvement assessments ranging from \$50,025 to \$80,250 or from \$8.70 to \$14.27 per square foot of gross building area. Based on this evidence, the appellant requested a reduced improvement assessment of \$64,680 or \$10.45 per square foot of gross building area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$191,521. The subject property has an improvement assessment of \$119,021 or \$19.23 per square foot of gross building area.

In support of its contention of the correct assessment the board of review submitted the same four comparables as appellant's comparables #1 through #4. Based on this evidence, the board of review requested confirmation of the subject's assessment.

In rebuttal, the appellant noted that the board of review's evidence consists of four of the comparables submitted by the appellant, and therefore the board of review appears to agree with the appellant's assessment request.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill. Admin. Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill. Admin. Code §1910.65(b). The Board finds the appellant met this burden of proof and a reduction in the subject's assessment is warranted.

The parties submitted a total of five equity comparables to support their respective positions before the Property Tax Appeal Board, with four comparables being common to the parties. The Board has given reduced weight to the parties' shared comparables #1 through #3, which differ from the subject in foundation and/or feature a garage unlike the subject.

The Board finds the best evidence of assessment equity to be the parties' shared comparable #4 and the appellant's comparable #5, which are similar to the subject in age, location, building size, and features. These two best comparables have improvement assessments of \$75,300 and \$80,250 or \$11.85 and \$14.27 per square foot of gross building area. The subject's improvement assessment of \$119,021 or \$19.23 per square foot of gross building area is above the two best comparables in this record. Based on this record and after considering adjustments to the best comparables for differences from the subject, the Board finds the appellant demonstrated with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
