

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Charles Lenzini
DOCKET NO.: 21-38429.001-R-1
PARCEL NO.: 26-30-318-023-0000

The parties of record before the Property Tax Appeal Board are Charles Lenzini, the appellant; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$5,000
IMPR.: \$11,000
TOTAL: \$16,000

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 1-story dwelling of masonry exterior construction with 992 square feet of living area. The dwelling is approximately 57 years old. Features of the home include a basement and a 1.5-car garage. The property has a 5,000 square foot site and is located in Chicago, Hyde Park Township, Cook County. The subject is classified as a class 2-02 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity concerning the improvement as the basis of the appeal. In support of this argument the appellant submitted information on three equity comparables located on the same street as the subject. The comparables are improved with 1-story homes of masonry exterior construction ranging in size from 1,056 to 1,248 square feet of living area. The dwellings range in age from 56 to 60 years old. Each home has a basement, two of which have finished area, central air conditioning, and a 2-car garage. Two homes each have a fireplace. The comparables have improvement assessments of \$9,000 or \$10,000 or from

\$8.01 to \$8.68 per square foot of living area. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment to \$9,000.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$16,000. The subject property has an improvement assessment of \$11,000 or \$11.09 per square foot of living area. In support of its contention of the correct assessment the board of review submitted information on four equity comparables located on the same block as the subject. The comparables are improved with 1-story, class 2-02 homes of masonry exterior construction with 813 or 960 square feet of living area. The dwellings are 60 or 61 years old. Each home has a basement, two of which have finished area, and a 1-car or a 2-car garage. One home has central air conditioning. The comparables have improvement assessments of \$11,000 or \$12,000 or from \$11.46 to \$13.53 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

In written rebuttal, the appellant argued the appellant's comparables are assessed lower than the subject but have features the subject lacks, such as finished basement area and central air conditioning, and are larger homes than the subject.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains a total of seven equity comparables for the Board's consideration. The Board gives less weight to the appellant's comparables #2 and #3 and the board of review's comparable #1, due to substantial differences from the subject in dwelling size.

The Board finds the best evidence of assessment equity to be the appellant's comparable #1 and the board of review's comparables #2, #3, and #4, which are more similar to the subject in dwelling size, age, location, and some features, although two of these comparables have central air conditioning unlike the subject and one comparable has finished basement area unlike the subject, suggesting downward adjustments to these comparables would be needed to make them more equivalent to the subject. These most similar comparables have improvement assessments that range from \$9,000 to \$12,000 or from \$8.52 to \$12.50 per square foot of living area. The subject's improvement assessment of \$11,000 or \$11.09 per square foot of living area falls within the range established by the best comparables in this record and appears to be supported. Based on this record and after considering appropriate adjustments to the best comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
