

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Peter & Amy Leadstrom
DOCKET NO.: 21-38553.001-R-1
PARCEL NO.: 14-19-208-005-0000

The parties of record before the Property Tax Appeal Board are Peter & Amy Leadstrom, the appellants, by attorney Brianna L. Golan, of Golan Christie Taglia LLP in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$37,812
IMPR.: \$86,219
TOTAL: \$124,031

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellants timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of masonry exterior construction with 2,775 square feet of living area. The dwelling is approximately 16 years old. Features of the home include a full basement with finished area, central air conditioning, two fireplaces, and a 3.5-car garage. The property has a 3,025 square foot site and is located in Chicago, Lake View Township, Cook County. The subject is classified as a class 2-78 property under the Cook County Real Property Assessment Classification Ordinance.

The appellants contend assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument the appellants submitted information on six equity comparables located from 1.6 to 2 miles from the subject. The comparables consist of 2-story or 3-story class 2-78 dwellings of frame or masonry exterior construction ranging in size from 2,426 to 2,801 square feet of living area. The homes are 12 to 19 years old. Each dwelling has a

basement with four having finished area and either a 3-car or 3.5-car garage. Five comparables have central air conditioning and five comparables each have either one or two fireplaces. The comparables have improvement assessments ranging from \$54,750 to \$69,938 or from \$20.79 to \$24.98 per square foot of living area. Based on this evidence, the appellants requested a reduced improvement assessment of \$65,462 or \$23.59 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$124,031. The subject property has an improvement assessment of \$86,219 or \$31.07 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on four equity comparables located within .25 of a mile of the subject. The comparables consist of 2-story class 2-78 dwellings of frame exterior construction ranging in size from 2,692 to 3,740 square feet of living area. The homes are either 7 or 10 years old. Each dwelling has central air conditioning, one or two fireplaces, a basement with finished area, and a 2-car garage. The comparables have improvement assessments ranging from \$105,257 to \$122,672 or from \$32.80 to \$41.00 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayers contend assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill. Admin. Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity, and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill. Admin. Code §1910.65(b). The Board finds the appellants did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted a total of ten equity comparables to support their respective positions before the Property Tax Appeal Board. The Board has given reduced weight to the comparables submitted by the appellants, each of which is located more than one mile from the subject. The Board also gives reduced weight to board of review comparables #3 and #4, which differ from the subject in age or dwelling size.

The Board finds the best evidence of assessment equity to be board of review comparables #1 and #2, which are similar to the subject in age, location, dwelling size, and features. These most similar comparables have improvement assessments of \$107,116 and \$110,712 or \$39.67 and \$41.00 per square foot of living area. The subject's improvement assessment of \$86,219 or \$31.07 per square foot of living area falls below the two best comparables in this record. Based on this record and after considering adjustments to the best comparables for differences from the subject, the Board finds the appellants did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
