

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Nick Padgett  
DOCKET NO.: 21-38700.001-R-1  
PARCEL NO.: 14-33-305-022-0000

The parties of record before the Property Tax Appeal Board are Nick Padgett, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld & Associates, LLC in Northbrook; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$39,687  
**IMPR.:** \$111,312  
**TOTAL:** \$150,999

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a 2-story dwelling of frame exterior construction with 3,117 square feet of living area. The dwelling was built in 1930 and is approximately 91 years old. Features of the home include an unfinished basement, central air conditioning, two fireplaces and a 1.5-car garage. The property has an approximately 3,175 square foot site and is located in Chicago, North Chicago Township, Cook County. The subject is classified as a class 2-06 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends overvaluation as the basis of the appeal. In support of this argument the appellant submitted information on four comparable sales located in the same assessment neighborhood code as the subject property. The comparables have sites that range in size from 1,968 to 3,200 square feet of land area and are improved with class 2-06 dwellings of frame exterior construction ranging in size from 2,284 to 3,153 square feet of living area. The homes

range in age from 123 to 143 years old. Each comparable has a basement, central air conditioning and a 1-car or a 2-car garage. One home has a fireplace. The properties sold from March 2019 to July 2020 for prices ranging from \$830,000 to \$1,480,000 or from \$350.00 to \$469.39 per square foot of living area, land included. Based on this evidence, the appellant requested the subject's total assessment be reduced to \$120,326 which reflects a market value of \$1,203,260 or \$386.03 per square foot of living area, land included, when applying the level of assessment for class 2 property under the Cook County Real Property Assessment Classification Ordinance of 10.00%.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$150,999. The subject's assessment reflects a market value of \$1,509,990 or \$484.44 per square foot of living area, land included, when applying the level of assessment for class 2 property of 10.00% under the Cook County Real Property Assessment Classification Ordinance.

In support of its contention of the correct assessment the board of review submitted information on four comparable sales located in the same assessment neighborhood code as the subject property. The comparables have sites that range in size from 1,657 to 3,800 square feet of land area and are improved with 2-story class 2-06 dwellings of masonry exterior construction ranging in size from 2,662 to 3,228 square feet of living area. The homes range in age from 124 to 141 years old. Each comparable has a basement, with three having finished area. Each property has central air conditioning. One dwelling has two fireplaces and three homes have either a 2-car or a 3-car garage. The comparables sold from April to November 2021 for prices ranging from \$1,695,000 to \$2,575,000 or from \$525.09 to \$812.24 per square foot of living area, land included. Based on this evidence, the board of review requested the subject's assessment be confirmed.

### **Conclusion of Law**

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal, the value of the property must be proven by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales, or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted eight comparables for the Board's consideration. The Board gives less weight to appellant comparables #1, #2 and #3 which are less similar to the subject in dwelling size than other properties in the record. The Board gives less weight to board of review comparables #2, #3 and #4 which have finished basement area in contrast to the subject's unfinished basement.

The Board finds the best evidence of market value to be appellant comparable #4 and board of review comparable #1 which are more similar to the subject in location, design, dwelling size and basement amenity. However these two comparables are older in age, relative to the subject and one comparable lacks a garage when compared to the subject, suggesting upward adjustments are needed to make these properties more equivalent to the subject. These best

comparables sold in September 2019 and October 2021 for prices ranging of \$1,480,000 and \$1,695,000 or \$469.39 and \$525.09 per square foot of living area, land included. The subject's market value of \$1,509,990 or \$484.44 per square foot of living area, land included is bracketed by the two best comparables in this record. After considering appropriate adjustments to the best comparables for differences from the subject, the Board finds the subject's assessment is justified and a reduction in the subject's assessment is not warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
