

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Dimitry Zavelsky  
DOCKET NO.: 21-38733.001-R-1  
PARCEL NO.: 17-03-106-031-0000

The parties of record before the Property Tax Appeal Board are Dimitry Zavelsky, the appellant, by attorney Robert Rosenfeld of Robert H. Rosenfeld & Associates, LLC in Northbrook; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$25,875  
**IMPR.:** \$74,989  
**TOTAL:** \$100,864

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a three-story dwelling of masonry exterior construction with 1,716 square feet of living area. The dwelling is approximately 121 years old. The home features a concrete slab foundation, central air conditioning, 3 bathrooms and a 1.5-car garage. The property has a 1,035 square foot site and is located in Chicago, North Chicago Township, Cook County. The subject is classified as a class 2-05 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument the appellant submitted information on four equity comparables that have the same assessment neighborhood code and property classification code as the subject. The comparables are improved with dwellings of masonry or frame and masonry exterior construction ranging in size from 1,268 to 2,020 square feet of living area. The

dwellings are from 85 to 111 years old. Three comparables each have a concrete slab foundation and one comparable has a full basement. No data was provided by the appellant concerning finished basement area. Each comparable has central air conditioning and either 1, 1½ or 2½ bathrooms. Three comparables each have one or three fireplaces. Comparable #4 has a 2-car garage. The comparables have improvement assessments that range from \$40,125 to \$79,000 or from \$30.12 to \$39.11 per square foot of living area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$59,974 or \$34.95 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$100,864. The subject property has an improvement assessment of \$74,989 or \$43.70 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on four equity comparables that have the same property classification code as the subject, two of which have the same assessment neighborhood code as the subject property. The comparables are improved with two-story or three-story dwellings of masonry or stucco exterior construction ranging in size from 1,080 to 1,962 square feet of living area. The dwellings are from 87 to 139 years old. Two comparables each have either a crawl space or a concrete slab foundation and two comparables each have a full basement, one of which has finished area. Each comparable has central air conditioning and 2 or 2½ bathrooms. Comparable #1 has a fireplace. The comparables have improvement assessments that range from \$53,200 to \$118,260 or from \$43.79 to \$60.28 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

### **Conclusion of Law**

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted a total of eight comparable properties for the Board's consideration. The Board has given less weight to the appellant's comparables #1, #2 and #3, as well as board of review comparables #1, #3 and #4 due to differences from the subject dwelling in size and/or age. Additionally, board of review comparables #3 and #4 have a different assessment neighborhood code than the subject.

The Board finds the best evidence of assessment equity to be the appellant's comparable #4 and board of review comparable #2, which are overall more similar to the subject in location, dwelling size and age. However, both comparables have features with varying degrees of similarity when compared to the subject, suggesting adjustments would be required to make the comparables more equivalent to the subject. Nevertheless, the comparables have improvement

assessments of \$79,000 and \$118,260 or \$39.11 and \$60.28 per square foot of living area, respectively. The subject's improvement assessment of \$74,989 or \$43.70 per square foot of living area is less than the two best comparables in the record in terms of overall improvement assessment but is bracketed by these comparables on a per square foot basis. Based on this record and after considering adjustments to the best comparables for differences when compared to the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
