

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Mike Schiffman
DOCKET NO.: 21-38759.001-R-1
PARCEL NO.: 18-06-200-038-0000

The parties of record before the Property Tax Appeal Board are Mike Schiffman, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld & Associates, LLC in Northbrook; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$8,400
IMPR.: \$51,218
TOTAL: \$59,618

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject consists of a two-story dwelling of frame and masonry exterior construction with 2,043 square feet of living area. The dwelling is approximately 58 years old. Features of the home include a basement with finished area, central air conditioning and a two-car garage. The property has a 9,600 square foot site and is located in Western Springs, Lyons Township, Cook County. The subject is classified as a class 2-78 property under the Cook County Real Property Assessment Classification Ordinance. The appellant disclosed on the Residential Appeal petition that the subject is not an owner-occupied residence.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on four equity comparables that are located in the subject's assessment neighborhood code. The comparables are improved with class 2-78 dwellings of frame and masonry exterior construction ranging in

size from 2,037 to 2,559 square feet of living area. The dwellings are 59 or 60 years old. The appellant reported the comparables have basements but did not disclose whether the basements have a finished or unfinished area. Each comparable has central air conditioning and a 2-car garage, and three comparables have either one or four fireplaces. The comparables have improvement assessments ranging from \$46,535 to \$57,738 or from \$21.71 to \$24.27 per square foot of living area. Based on this evidence, the appellant requested that the subject's improvement assessment be reduced to \$46,907 or \$22.96 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$59,618. The subject has an improvement assessment of \$51,218 or \$25.07 per square foot of living area. In support of this argument, the board of review submitted information on four equity comparables that are located in the subject's assessment neighborhood code. The comparables are improved with class 2-78, two-story dwellings of masonry or frame and masonry exterior construction ranging in size from 2,178 to 2,261 square feet of living area. The dwellings are from 24 to 52 years old. Each comparable has a basement with two having finished area, central air conditioning and a 2-car garage. Three comparables each have one fireplace. The comparables have improvement assessments ranging from \$57,995 to \$65,452 or from \$25.73 to \$29.13 per square foot of living area. Based on this evidence, the board of review requested the subject's assessment be confirmed.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted eight suggested comparables for the Board's consideration. The Board finds the best evidence of assessment equity to be the appellant's comparables #2 and #3 along with board of review comparable #1 which are most similar to the subject in location, age, dwelling size, and some features. These comparables have improvement assessments ranging from \$46,535 to \$60,149 or from \$21.94 to \$26.60 per square foot of living area. The subject has an improvement assessment of \$51,218 or \$25.07 per square foot of living area, which falls within the range established by the best comparables in this record. Based on this evidence and after considering adjustments to the best comparables for differences when compared to the subject, the Board finds the appellant did not prove by clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
