

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Kenneth Nelson
DOCKET NO.: 21-38761.001-R-1
PARCEL NO.: 25-07-401-011-0000

The parties of record before the Property Tax Appeal Board are Kenneth Nelson, the appellant, by Robert Rosenfeld, attorney-at-law of Robert H. Rosenfeld & Associates, LLC in Northbrook, and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$15,625
IMPR.: \$49,375
TOTAL: \$65,000

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property is improved with a two-story dwelling of masonry exterior construction with 4,724 square feet of living area. The dwelling is approximately 91 years old. Features of the property include a full unfinished basement, two fireplaces, three bathrooms, and a 2-car garage. The property has a 12,500 square foot site located in Chicago, Lake Township, Cook County. The subject is classified as a class 2-06 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity regarding the improvement as the basis of the appeal. In support of this argument the appellant submitted information on four equity comparables consisting of class 2-06 properties of masonry or frame and masonry exterior construction that range in size from 4,068 to 4,410 square feet of living area. The homes range in age from 86 to 132 years old. Each comparable has a partial or full basement, one or two

fireplaces, and a two-car garage. The comparables have 1 or 3 full bathrooms and three comparables have an additional 1 or 2 half bathrooms.¹ The comparables have the same assessment neighborhood code as the subject property. These properties have improvement assessments ranging from \$36,819 to \$42,394 or from \$8.79 to \$9.92 per square foot of living area. The appellant requested the subject's improvement assessment be reduced to \$44,784.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$65,000. The subject property has an improvement assessment of \$49,375 or \$10.45 per square foot of living area. In support of its contention of the correct assessment the board of review submitted information on four equity comparables composed of class 2-06 properties improved with two-story dwellings of masonry construction that range in size from 4,301 to 4,897 square feet of living area. The homes range in age from 82 to 111 years old. Each comparable has a full basement with two having formal recreation rooms, 3 or 4 full bathrooms, and 1 or 2 half bathrooms. Three comparables have two or three fireplaces and three comparables have either a 2.5-car or a 3-car garage. The comparables have the same assessment neighborhood code as the subject property. These properties have improvement assessments ranging from \$51,210 to \$59,125 or from \$10.46 to \$12.87 per square foot of living area.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted information on eight comparables with the same classification code and neighborhood code as the subject property to support their respective positions. The Board gives less weight to appellant's comparables #1, #3 and #4 as well as board of review comparable #4 due to differences from the subject in dwelling size. The remaining comparables range in size from 4,410 to 4,897 square feet of living area and in age from 86 to 111 years old. These properties have varying degrees of similarity to the subject in features. These properties have improvement assessments that range from \$42,394 to \$59,125 or from \$9.61 to \$12.87 per square foot of living area. The subject's improvement assessment of \$49,375 or \$10.45 per square foot of living area falls within the range established by the best comparables in this record. Based on this record the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

¹ In the grid analysis the appellant indicated the subject and the comparables have central air conditioning, however, in Section III of the appeal the appellant indicated the subject did not have central air conditioning. The board of review indicated the subject did not have central air conditioning.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
