

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: John McConnell
DOCKET NO.: 21-38767.001-R-1
PARCEL NO.: 18-07-423-030-0000

The parties of record before the Property Tax Appeal Board are John McConnell, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld & Associates, LLC in Northbrook; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$9,420
IMPR.: \$58,805
TOTAL: \$68,225

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of frame and masonry exterior construction with 3,107 square feet of living area. The dwelling was built in 1955 and is approximately 66 years old. Features of the home include a crawl space foundation, central air conditioning, one fireplace and a 2-car garage. The property has an approximately 12,155 square foot site and is located in Western Springs, Lyons Township, Cook County. The subject is classified as a class 2-06 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument the appellant submitted information on four equity comparables located in the same assessment neighborhood code as the subject property. The comparables are improved with class 2-06 dwellings of masonry or frame and masonry exterior construction ranging in size from 2,753 to 4,000 square feet of living area. The homes range in

age from 64 to 98 years old. Two comparables have a crawl space foundation and two comparables have a basement. Each dwelling has central air conditioning and a 2-car or a 2.5-car garage. Three homes have either one or two fireplaces. The comparables have improvement assessments ranging from \$42,481 to \$60,350 or from \$15.09 to \$17.03 per square foot of living area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$49,836 or \$16.04 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$68,225. The subject property has an improvement assessment of \$58,805 or \$18.93 per square foot of living area. In support of its contention of the correct assessment the board of review submitted information on four equity comparables located in the same assessment neighborhood code as the subject property. The comparables are improved with two-story class 2-06 dwellings of masonry and frame and masonry exterior construction ranging in size from 2,655 to 3,075 square feet of living area. The homes range in age from 66 to 74 years old. One comparable has a crawl space foundation and three comparables have a basement, one of which has finished area. Each dwelling has one or two fireplaces and from a 1.5-car to a 2.5-car garage. Three homes have central air conditioning. The comparables have improvement assessments ranging from \$51,909 to \$60,309 or from \$19.04 to \$19.99 per square foot of living area. Based on this evidence, the board of review requested the subject's assessment be confirmed.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted eight equity comparables for the Board's consideration. The Board gives less weight to appellant comparables #2 and #4 along with board of review comparables #2, #3 and #4 which differ from the subject in foundation type.

The Board finds the best evidence of assessment equity to be appellant comparables #1 and #3 as well as board of review comparable #1 which are more similar to the subject in location, design and foundation type but present varying degrees of similarity to the subject in age, dwelling size, garage capacity and other features, suggesting adjustments are needed to make these properties more equivalent to the subject. These best comparables have improvement assessments ranging from \$51,073 to \$60,350 or from \$15.09 to \$19.55 per square foot of living area. The subject's improvement assessment of \$58,805 or \$18.93 per square foot of living area falls within the range established by the best comparables in the record. After considering appropriate adjustments to the best comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
