

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT:     Nikolas Kampton  
DOCKET NO.:    21-38769.001-R-1  
PARCEL NO.:    18-09-317-015-0000

The parties of record before the Property Tax Appeal Board are Nikolas Kampton, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld & Associates, LLC in Northbrook; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:**        \$8,554  
**IMPR.:**       \$56,505  
**TOTAL:**       \$65,059

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a two-story dwelling of masonry exterior construction with 3,102 square feet of living area. The dwelling was built in 1966 and is approximately 55 years old. Features of the home include an unfinished basement, central air conditioning, one fireplace and a 2-car garage. The property has an approximately 10,064 square foot site and is located in La Grange, Lyons Township, Cook County. The subject is classified as a class 2-78 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument the appellant submitted information on four equity comparables located in the same assessment neighborhood code as the subject property. The comparables are improved with class 2-78 dwellings of masonry or frame and masonry exterior construction ranging in size from 2,738 to 3,532 square feet of living area. The homes range in

age from 34 to 63 years old. Each comparable has a basement, central air conditioning, one or two fireplaces and a 2-car garage. The comparables have improvement assessments ranging from \$43,213 to \$61,796 or from \$15.78 to \$17.50 per square foot of living area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$51,834 or \$16.71 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$65,059. The subject property has an improvement assessment of \$56,505 or \$18.22 per square foot of living area. In support of its contention of the correct assessment the board of review submitted information on four equity comparables located in the same assessment neighborhood code and within ¼ of a mile from the subject property. The comparables are improved with two-story class 2-78 dwellings of frame or frame and masonry exterior construction ranging in size from 2,754 to 2,888 square feet of living area. The homes are either 21 or 22 years old. Each comparable has a basement, central air conditioning, one fireplace and a 2-car garage. The comparables have improvement assessments ranging from \$59,184 to \$62,889 or from \$20.55 to \$22.84 per square foot of living area. Based on this evidence, the board of review requested the subject's assessment be confirmed.

### **Conclusion of Law**

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted eight equity comparables for the Board's consideration. The Board gives less weight to appellant comparables #1 and #4 along with each of the board of review's comparables which are less similar to the subject in age than other properties in the record.

The Board finds the best evidence of assessment equity to be appellant comparables #2 and #3 which are more similar to the subject in location, age, design, dwelling size and most features. These two comparables have improvement assessments of \$56,471 and \$57,149 or for \$16.72 and \$16.85 per square foot of living area, respectively. The subject's improvement assessment of \$56,505 or \$18.22 per square foot of living area is bracketed by the two best comparables in this record on an overall improvement assessment basis and above the two best comparables on a per square foot basis. Given the subject's smaller dwelling size, relative to the two best comparables, a higher per square foot improvement assessment appears logical. Therefore, after considering adjustments to the comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
