

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Andrew Gorlewski
DOCKET NO.: 21-38788.001-R-1
PARCEL NO.: 24-23-201-034-0000

The parties of record before the Property Tax Appeal Board are Andrew Gorlewski, the appellant, by Robert Rosenfeld, attorney-at-law of Robert H. Rosenfeld & Associates, LLC in Northbrook, and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **A Reduction** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$3,810
IMPR.: \$30,990
TOTAL: \$34,800

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property is improved with a two-story dwelling of frame exterior construction with 2,137 square feet of living area. The dwelling is approximately 7 years old. Features of the property include a full basement with a formal recreation room, central air conditioning, 2½ bathrooms, and a 2-car garage. The property has a 3,810 square foot site located in Chicago, Lake Township, Cook County. The subject is classified as a class 2-78 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity regarding the improvement as the basis of the appeal. In support of this argument the appellant submitted information on four equity comparables composed of class 2-78 properties improved with dwellings of frame exterior construction that range in size from 2,058 to 2,517 square feet of living area. The homes range in age from 7 to 22 years old. Each property has a full basement, central air conditioning, 1½ or

2½ bathrooms and either a 2-car or a 2½-car garage. One comparable has one fireplace. These properties have the same assessment neighborhood code as the subject property. Their improvement assessments range from \$29,900 to \$38,125 or from \$12.32 to \$15.75 per square foot of living area. The appellant requested the subject's improvement assessment be reduced to \$30,324.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$39,000. The subject property has an improvement assessment of \$35,190 or \$16.47 per square foot of living area. In support of its contention of the correct assessment the board of review submitted information on four equity comparables composed of class 2-78 properties improved with two-story dwellings of frame, masonry, or frame and masonry exterior construction that range in size from 2,428 to 2,949 square feet of living area. The homes are either 1 or 14 years old. Each property has a full basement with one having finished area, central air conditioning, and 2½, 3 or 3½ bathrooms. Two comparables have one fireplace and three comparables have a 2-car garage. These properties have the same assessment neighborhood code as the subject and are located approximately ¼ of a mile from the subject property. The comparables have improvement assessments ranging from \$41,280 to \$53,500 or from \$17.00 to \$18.20 per square foot of living area. The board of review contends the building assessed value per square foot for the comparables are the same or higher than the subject, which supports the correctness of the assessment.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant met this burden of proof and a reduction in the subject's assessment is warranted.

The parties submitted information on eight comparables to support their respective positions. The Board gives less weight to appellant's comparables #1 and #4 due to differences from the subject dwelling in size and/or age. The Board gives less weight to the board of review comparables due to differences from the subject dwelling in size and/or age. The Board finds the best evidence of assessment equity to be appellant's comparables #2 and #3 which have 2,395 and 2,058 square feet of living area and are 7 and 13 years old, respectively. These comparables have improvement assessments of \$33,875 and \$29,900 or \$14.14 and \$14.53 per square foot of living area, respectively. The subject's improvement assessment of \$35,190 or \$16.47 per square foot of living area falls above the two best comparables in this record. Based on this record the Board finds the appellant demonstrated with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
