

FINAL ADMINISTRATIVE DECISION ILLINOIS PROPERTY TAX APPEAL BOARD

APPELLANT: Candace Achterberch DOCKET NO.: 21-38833.001-R-1 PARCEL NO.: 24-18-308-003-0000

The parties of record before the Property Tax Appeal Board are Candace Achterberch, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld & Associates, LLC in Northbrook; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds *No Change* in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$3,575 **IMPR.:** \$10,680 **TOTAL:** \$14,255

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 1.5-story dwelling¹ of frame and masonry exterior construction with 1,229 square feet of living area. The dwelling is 70 years old. Features of the home include a full unfinished basement and a 2-car garage. The property has a 7,150 square foot site and is located in Worth, Worth Township, Cook County. The subject is classified as a class 2-03 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on four comparables located within the same assessment neighborhood code as the subject. The comparables consist

¹ The Board finds the subject is a 1.5-story dwelling as depicted in the subject's exterior photograph provided by the board of review. The Board also finds the subject lacks central air conditioning as reported in Section III of the appellant's appeal petition and the board of review's grid analysis.

of class 2-03 dwellings of frame, masonry or frame and masonry exterior construction ranging in size from 1,082 to 1,566 square feet of living area. The dwellings are 56 to 67 years old. The comparables have a partial or full basement, but no data was provided if the basements have finished area. Each comparable has central air conditioning and a 2-car garage. The comparables have improvement assessments ranging from \$8,331 to \$12,317 or from \$7.54 to \$7.87 per square foot of living area. Based on this evidence, the appellant requested that the subject's improvement assessment be reduced to \$9,463 or \$7.70 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$14,255. The subject property has an improvement assessment of \$10,680 or \$8.69 per square foot of living area. In support of its contention of the correct assessment, the board of review submitted information on four comparables located within the same assessment neighborhood code as the subject and the same block or approximately ¼ of a mile from the subject. The comparables consist of class 2-03 dwellings of frame, masonry or frame and masonry exterior construction ranging in size from 1,231 to 1,482 square feet of living area. The dwellings are 65 to 70 years old. Two comparables have crawl space foundations, and two comparables have basements, one of which has finished area. Two comparables each have central air conditioning, one comparable has a fireplace, and three comparables each have a 1-car or a 2-car garage. The comparables have improvement assessments ranging from \$11,837 to \$13,945 or from \$8.85 to \$10.09 per square foot of living area. Based on this evidence, the board of review requested that the subject's assessment be confirmed.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin. Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted eight suggested comparables for the Board's consideration. The Board gives less weight to the appellant's comparables #3 and #4 and the board of review comparables #1, #2 and #3 which differ from the subject in age, dwelling size, or foundation type.

These comparables are overall more similar to the subject in age, dwelling size, location, and some features. These three comparables have improvement assessments ranging from \$8,431 to \$13,945 or from \$7.54 to \$10.09 per square foot of living area. The subject's improvement assessment of \$10,680 or \$8.69 per square foot of living area falls within the range established by the best comparables in this record. After considering adjustments to the best comparables for differences when compared to the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
