

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Bassam Efein  
DOCKET NO.: 21-38838.001-R-1  
PARCEL NO.: 24-17-201-049-0000

The parties of record before the Property Tax Appeal Board are Bassam Efein, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld & Associates, LLC in Northbrook; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$4,979  
**IMPR.:** \$31,740  
**TOTAL:** \$36,719

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a 2-story multi-family building of frame and masonry exterior construction with 4,384 square feet of building area. The building is approximately 48 years old and has an unfinished basement.<sup>1</sup> The property has a 6,224 square foot site and is located in Oak Lawn, Worth Township, Cook County. The subject is classified as a class 2-11 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on four equity comparables that have the same assessment neighborhood code as the subject. The comparables consist of class 2-11, multi-family buildings of masonry or frame and masonry exterior

<sup>1</sup> The appellant reported in Section III of the Residential Appeal petition that the subject lacks central air conditioning, which was also reported by the board of review in its grid analysis.

construction with 4,384 or 4,528 square feet of building area. The dwellings are from 46 to 49 years old, and each dwelling has a basement. The comparables have improvement assessments ranging from \$29,768 to \$31,063 or from \$6.79 to \$6.86 per square foot of building area. Based on this evidence, the appellant requested that the subject's improvement assessment be reduced to \$29,943 or \$6.83 per square foot of building area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$36,719. The subject property has an improvement assessment of \$31,740 or \$7.24 per square foot of building area.

In support of its contention of the correct assessment, the board of review submitted information on four equity comparables that have the same assessment neighborhood as the subject. The comparables consist of class 2-11, 2-story multi-family buildings of masonry or frame and masonry exterior construction with 3,850 or 4,528 square feet of building area. The dwellings are 44 or 46 years old, and each dwelling has a basement. One comparable has a 2-car garage. The comparables have improvement assessments ranging from \$32,981 to \$34,959 or from \$7.28 to \$8.90 per square foot of building area. Based on this evidence, the board of review requested the subject's assessment be confirmed.

### **Conclusion of Law**

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains eight suggested comparable properties for the Board's consideration. The Board gives more weight to the appellant's comparables and board of review comparables #1, #2 and #3 that are identical or relatively similar to the subject in location, age, dwelling size, and some features. These seven comparables have improvement assessments that range from \$29,768 to \$34,959 or from \$6.79 to \$7.72 per square foot of building area. The subject's improvement assessment of \$31,740 or \$7.24 per square foot of building area falls within the range of the best comparables in the record. The Board gives less weight to board of review comparable #4 which differs in dwelling size to the subject and has a garage, unlike the subject. Based on this record and after considering adjustments to the best comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
