

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Yufeng Pan
DOCKET NO.: 21-38843.001-R-1
PARCEL NO.: 17-29-423-004-0000

The parties of record before the Property Tax Appeal Board are Yufeng Pan, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld & Associates, LLC in Northbrook; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$10,000
IMPR.: \$19,554
TOTAL: \$29,554

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story multi-family building of frame exterior construction with 2,420 square feet of building area. The building is approximately 133 years old and features an unfinished basement.¹ The property has an approximately 2,500 square foot site and is located in Chicago, South Chicago Township, Cook County. The subject is classified as a class 2-11 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument the appellant submitted information on four equity comparables located in the same assessment neighborhood code as the subject property. The comparables are improved with class 2-11 buildings of frame exterior construction ranging in

size from 2,490 to 2,557 square feet of building area. The buildings range in age from 133 to 158 years old. Each comparable has a basement and central air conditioning. The appellant failed to disclose if the comparable basements were finished or unfinished. The comparables have improvement assessments ranging from \$16,000 to \$19,440 or from \$6.26 to \$7.71 per square foot of building area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$17,279 or \$7.14 per square foot of building area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$29,554. The subject property has an improvement assessment of \$19,554 or \$8.08 per square foot of building area. In support of its contention of the correct assessment the board of review submitted information on four equity comparables located in the same assessment neighborhood code as the subject property. The comparables are improved with 2-story class 2-11 multi-family buildings of frame exterior construction ranging in size from 2,000 to 2,109 square feet of building area. The buildings range in age from 133 to 143 years old. Each comparable has a basement with one having finished area. One property has central air conditioning and three properties have either a 1.5-car or a 2-car garage. The comparables have improvement assessments ranging from \$18,500 to \$22,773 or from \$9.25 to \$10.80 per square foot of building area. Based on this evidence, the board of review requested the subject's assessment be confirmed.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted eight equity comparables for the Board's consideration. The Board gives less weight to appellant comparable #3 and #4 along with board of review comparable #4 which are less similar to the subject in age than other properties in the record.

The Board finds the best evidence of assessment equity to be appellant comparables #1 and #2 and board of review comparables #1, #2 and #3 which are more similar to the subject in location, age, design and building size. However, these best comparables present varying degrees of similarity to the subject in garage amenity and/or presence of central air conditioning. These comparables have improvement assessments ranging from \$16,000 to \$20,756 or from \$6.26 to \$10.13 per square foot of building area. The subject's improvement assessment of \$19,554 or \$8.08 per square foot of building area falls within the range established by the best comparables in this record. After considering adjustments to the comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
