

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Eamonn Connolly
DOCKET NO.: 21-38846.001-R-1
PARCEL NO.: 17-32-216-204-0000

The parties of record before the Property Tax Appeal Board are Eamonn Connolly, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld & Associates, LLC in Northbrook; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$13,748
IMPR.: \$39,252
TOTAL: \$53,000

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of frame and masonry exterior construction with 2,135 square feet of living area. The dwelling is approximately 18 years old. Features of the home include a basement, central air conditioning and a 2-car garage. The property has an approximately 3,437 square foot site and is located in Chicago, South Chicago Township, Cook County. The subject is classified as a class 2-78 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument the appellant submitted information on four equity comparables located in the same assessment neighborhood code as the subject property. The comparables are improved with class 2-78 dwellings of masonry or frame and masonry exterior construction ranging in size from 2,160 to 2,446 square feet of living area. The homes range in

age from 16 to 25 years old. Each comparable has a basement, central air conditioning and a 2-car garage. The comparables have improvement assessments ranging from \$34,812 to \$41,000 or from \$15.54 to \$16.81 per square foot of living area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$34,993 or \$16.39 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$53,000. The subject property has an improvement assessment of \$39,252 or \$18.39 per square foot of living area. In support of its contention of the correct assessment the board of review submitted information on four equity comparables located in the same assessment neighborhood code as the subject property. The comparables are improved with a 2-story class 2-78 dwelling of frame and masonry exterior construction that each have 2,048 square feet of living area. Each dwelling is 17 years old and has a basement, central air conditioning, one fireplace and a 2-car garage. The comparables have improvement assessments ranging from \$45,596 to \$45,984 or from \$22.26 to \$22.45 per square foot of living area. Based on this evidence, the board of review requested the subject's assessment be confirmed.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted eight equity comparables for the Board's consideration. The Board gives less weight to appellant comparables #2 and #3 which are less similar to the subject in dwelling size than other properties in the record.

The Board finds the best evidence of assessment equity to be appellant comparables #1 and #4 along with the board of review comparables which are more similar to the subject in location, age, dwelling size and most features. These best comparables have improvement assessments ranging from \$34,812 to \$45,984 or from \$15.54 to \$22.45 per square foot of living area. The subject's improvement assessment of \$39,252 or \$18.39 per square foot of living area falls within the range established by the best comparables in this record. After considering adjustments to the best comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
