

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: James Woodruff Adamson
DOCKET NO.: 21-38855.001-R-1
PARCEL NO.: 17-33-116-034-0000

The parties of record before the Property Tax Appeal Board are James Woodruff Adamson, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld & Associates, LLC in Northbrook; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$13,200
IMPR.: \$32,800
TOTAL: \$46,000

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property is improved with a 3-story multi-family building of masonry exterior construction with 3,051 square feet of gross building area. The building is approximately 108 years old. Features of the building include a full basement, 3 full bathrooms, and a 2-car garage. The property has a 3,000 square foot site and is located in Chicago, South Chicago Township, Cook County. The subject is classified as a class 2-11 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on four comparables with the same assessment neighborhood code as the subject. The comparables consist of class 2-11 multi-family buildings of masonry exterior construction ranging in size from 2,988 to 3,366 square feet of gross building area. The buildings are 108 or 133 years old. Each comparable has

a full basement, 3 full bathrooms, central air conditioning, and a 2-car garage. The comparables have improvement assessments ranging from \$26,906 to \$30,250 or from \$8.99 to \$9.58 per square foot of gross building area. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment to \$28,039 or \$9.19 per square foot of gross building area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$46,000. The subject property has an improvement assessment of \$32,800 or \$10.75 per square foot of gross building area. In support of its contention of the correct assessment the board of review submitted information on four comparables located within the same assessment neighborhood code as the subject and within approximately ¼ of a mile from the subject. Three comparables are also located along the same street as the subject. The comparables consist of class 2-11, 3-story multi-family buildings of masonry exterior construction ranging in size from 2,918 to 3,465 square feet of gross building area. The buildings are 108 to 133 years old. Each comparable has a full basement and 3 or 4 full bathrooms. One comparable has a 2-car garage. The comparables have improvement assessments ranging from \$30,668 to \$38,250 or from \$10.51 to \$11.74 per square foot of gross building area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill. Admin. Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity, and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill. Admin. Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted eight equity comparables for the Board's consideration. The Board gives less weight to the appellant's comparables #1, #2 and #3 as well as the board of review comparable #3 due to the dwellings' older ages when compared to the subject.

The Board finds the best evidence of assessment equity to be the parties' remaining comparables. which are overall more similar to the subject in location, building size, age, and some features. These four comparables have improvement assessments ranging from \$29,487 to \$37,800 or from \$9.58 to \$11.74 per square foot of gross building area. The subject's improvement assessment of \$32,800 or \$10.75 per square foot of gross building area falls within the range established by the best comparables in the record. After considering adjustments to the best comparables for differences when compared to the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
