

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: 3049 Mass LLC
DOCKET NO.: 21-38929.001-R-1
PARCEL NO.: 14-20-310-013-0000

The parties of record before the Property Tax Appeal Board are 3049 Mass LLC, the appellant, by attorney Brian P. Liston, of the Law Offices of Liston & Tsantilis, P.C. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$55,800
IMPR.: \$51,906
TOTAL: \$107,706

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story multi-family building of masonry exterior construction with 2,576 square feet of building area. The building was constructed in 1897, is approximately 125 years old and features a basement finished area.¹ The property has an approximately 3,720 square foot site and is located in Chicago, Lake View Township, Cook County. The subject is classified as a class 2-11 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument the appellant submitted the Property Details printouts and two grids with information on three equity comparables located in the same assessment

¹ The Board finds the best description of the subject's property was found in the grid analysis submitted by the board of review and not refuted by the appellant in rebuttal.

neighborhood code as the subject property. The comparables are improved with 2-story class 2-11 buildings of masonry exterior construction ranging in size from 2,502 to 2,568 square feet of building area. The buildings range in age from 116 to 122 years old. Each comparable has a basement and two properties each have a 2-car garage. The appellant did not disclose if the comparable basements are finished or unfinished. The comparables have improvement assessments ranging from \$18,970 to \$28,750 or from \$7.58 to \$11.20 per square foot of building area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$25,348 or \$9.84 per square foot of building area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$107,706. The subject property has an improvement assessment of \$51,906 or \$20.15 per square foot of building area. In support of its contention of the correct assessment the board of review submitted information on four equity comparables located in the same assessment neighborhood code as the subject property. The comparables are improved with 2-story class 2-11 buildings of frame, masonry or stucco exterior construction ranging in size from 2,540 to 3,084 square feet of building area. The buildings range in age from 113 to 123 years old. Each comparable has a basement, with two having finished area. Each property has a 2-car garage and one comparable has central air condition. The comparables have improvement assessments ranging from \$54,152 to \$73,750 or from \$20.27 to \$26.66 per square foot of building area. Based on this evidence, the board of review requested the subject's assessment be confirmed.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted seven equity comparables for the Board's consideration. The Board gives less weight to board of review comparables #1 and #4 which differ from the subject in dwelling size and/or has central air conditioning.

The Board finds the best evidence of assessment equity to be the appellant's comparables along with board of review comparables #2 and #3 which are more similar to the subject in location, age, design and building size. However, four of these five properties have a 2-car garage while board of review comparables #2 and #3 each lack a finished basement, suggesting adjustments are needed to make these properties more equivalent to the subject. Furthermore, the appellant did not disclose whether their comparable properties have finished or unfinished basements, suggesting these properties may also require upward adjustments. These best comparables have improvement assessments ranging from \$18,970 to \$54,750 or from \$7.58 to \$21.32 per square foot of building area. The subject's improvement assessment of \$51,906 or \$20.15 per square foot of building area falls within the range established by the best comparables in this record.

After considering adjustments to the comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
