

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Mark Tack
DOCKET NO.: 21-38936.001-R-1
PARCEL NO.: 03-30-230-019-0000

The parties of record before the Property Tax Appeal Board are Mark Tack, the appellant, by attorney Brian P. Liston, of the Law Offices of Liston & Tsantilis, P.C. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$4,593
IMPR.: \$50,415
TOTAL: \$55,008

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of frame exterior construction with 3,049 square feet of living area. The home is approximately 99 years old. Features of the home include a partial basement with finished area¹, 3 full and 2 half bathrooms, central air conditioning, one fireplace, and a 2-car garage. The property has a 7,350 square foot site and is located in Arlington Heights, Wheeling Township, Cook County. The subject is classified as a class 2-06 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on three comparables located within the same neighborhood code as the subject. According to the property details

¹ The board of review grid analysis disclosed the subject has a partial basement with finished area, which was unrefuted by the appellant.

printouts, the comparables consist of class 2-06, 2-story dwellings of frame exterior construction ranging in size from 2,819 to 3,430 square feet of living area and are approximately 81 to 116 years old. The dwellings each have a full basement, but no data was provided if the basements have finished area. Each dwelling has 2 or 3 full and 1 half bathrooms, central air conditioning and a 2-car garage. Two comparables each have one fireplace. The comparables have improvement assessments ranging from \$44,241 to \$53,139 or from \$15.42 to \$15.69 per square foot of living area. Based on this evidence, the appellant requested that the improvement assessment be reduced to \$47,229 or \$15.49 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$55,008. The subject property has an improvement assessment of \$50,415 or \$16.53 per square foot of living area.

In support of its contention of the correct assessment, the board of review submitted information on three comparables located within the same neighborhood code as the subject. The comparables consist of class 2-06, 2-story dwellings of frame or frame and masonry exterior construction ranging in size from 2,448 to 2,749 square feet of living area. The comparables are from 71 to 101 years old. The dwellings each have full basement with one having finished area, 3 or 4 full bathrooms, central air conditioning, one fireplace, and a 2-car garage. Two comparables each have 1 half bathroom. The comparables have improvement assessments ranging from \$39,266 to \$50,950 or from \$16.04 to \$18.53 per square foot of living area. Based on this evidence, the board of review requested that the subject's assessment be confirmed.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted nine equity comparables for the Board's consideration. The Board gives less weight to the board of review comparables #1 and #2 which are less similar to the subject in dwelling size or age than the other comparables in the record.

The Board finds the best evidence of assessment equity to be the appellant's comparables and the board of review comparable #3. These comparables are overall more similar to the subject in age, dwelling size, and location but still require adjustments for varying degrees of similarity to the subject. These four comparables have improvement assessments ranging from \$44,241 to \$53,139 or from \$15.42 to \$17.67 per square foot of living area. The subject's improvement assessment of \$50,415 or \$16.53 per square foot of living area falls within the range established by the best similar comparables in this record. After considering adjustments to the best comparables for differences from the subject, such as fewer number of bathrooms and/or basement finish area, if any, the Board finds the appellant did not demonstrate with clear and

convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
