

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Andrew Han Chang
DOCKET NO.: 21-39075.001-R-1
PARCEL NO.: 14-30-409-024-0000

The parties of record before the Property Tax Appeal Board are Andrew Han Chang, the appellant, by attorney Salvador Lopez, of Robson & Lopez LLC in Chicago, and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$40,312
IMPR.: \$25,432
TOTAL: \$65,744

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story multi-family building of frame exterior construction with 1,760 square feet of living area. The building is approximately 133 years old. Features of the property include a full basement finished with a recreation room and a 2-car garage. The property has a 3,225 square foot site and is located in Chicago, Lake View Township, Cook County. The subject is classified as a class 2-11 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on four comparables with the same assessment neighborhood code as the subject. The comparables are class 2-11 properties improved with multi-family buildings of frame exterior construction ranging in size from 2,187 to 3,243 square feet of building area. The buildings are 125 to 130 years old and have

full basements finished with recreation rooms. Three comparables each have a 1-car or a 2-car garage. The comparables have improvement assessments that range from \$12,625 to \$34,813 or from \$5.77 to \$10.73 per square foot of building area. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$65,744. The subject property has an improvement assessment of \$25,432 or \$14.45 per square foot of building area.

In support of its contention of the correct assessment, the board of review submitted information on three equity comparables with the same assessment neighborhood code as the subject property. The comparables are class 2-11 properties improved with 2-story multi-family buildings of frame exterior construction ranging in size from 1,840 to 2,112 square feet of building area. The buildings are 118 to 143 years old and have full basements, two of which are finished with either an apartment or a recreation room. Two comparables have central air conditioning. Each comparable has a 1-car or a 2-car garage. The comparables have improvement assessments that range from \$30,937 to \$52,937 or from \$14.73 to \$28.77 per square foot of building area. Based on this evidence, the board of review requests confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity, and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains seven suggested equity comparables for the Board's consideration that have larger building sizes and are similar in location, age and some features when compared to the subject. Nevertheless, the Board gives less weight to appellant's comparables #1, #2 and #3 which are less similar to the subject in building size than the other comparables in the record. The Board also gives less weight to appellant's comparable #4 and board of review comparable #3 which are considered outliers when comparing their improvement assessments to the other comparables in the record. The Board gives most weight to board of review comparables #1 and #2. These comparables have improvement assessments of \$30,937 and \$34,937 or \$14.73 and \$16.54 per square foot of building area. The subject's improvement assessment of \$25,432 or \$14.45 per square foot of building area is below the improvement assessments of the best comparables in this record. Based on this record and after considering adjustments to the best comparables for differences when compared to the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
