

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Jennifer Harris
DOCKET NO.: 21-39078.001-R-1
PARCEL NO.: 26-32-112-003-0000

The parties of record before the Property Tax Appeal Board are Jennifer Harris, the appellant, by attorney Salvador Lopez, of Robson & Lopez LLC in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$6,300
IMPR.: \$13,353
TOTAL: \$19,653

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 1-story dwelling of masonry exterior construction with 1,112 square feet of living area. The dwelling is approximately 65 years old. Features of the home include a full basement with finished area, central air conditioning, and a 1.5-car garage. The property has a 6,300 square foot site and is located in Chicago, Hyde Park Township, Cook County. The subject is classified as a class 2-03 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument the appellant submitted information on four equity comparables located within .2 of a mile of the subject and within the subject's assessment neighborhood. The comparables consist of 1-story class 2-03 dwellings of masonry exterior construction ranging in size from 1,009 to 1,230 square feet of living area. The homes are either

61 or 62 years old. Each dwelling has a basement with finished area. Two comparables each have a 1.5-car garage. The comparables have improvement assessments ranging from \$5,810 to \$7,700 or from \$4.75 to \$6.34 per square foot of living area. Based on this evidence, the appellant requested a reduction in the subject's assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$19,653. The subject property has an improvement assessment of \$13,353 or \$12.01 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on four equity comparables located within the same block or within .25 of a mile of the subject and within the subject's assessment neighborhood. The comparables consist of 1-story class 2-03 dwellings of masonry exterior construction ranging in size from 1,040 to 1,158 square feet of living area. The dwellings are 57 or 64 years old. Each dwelling has an unfinished basement and either a 1.5-car or 2-car garage. Three comparables have central air conditioning. The comparables have improvement assessments ranging from \$9,850 to \$14,957 or from \$9.32 to \$12.92 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill. Admin. Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity, and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill. Admin. Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted a total of eight equity comparables to support their respective positions before the Property Tax Appeal Board. The Board has given reduced weight to the appellant's comparables #1 and #2, which lack garages, a feature of the subject.

The Board finds the best evidence of assessment equity to be appellant's comparables #3 and #4 along with the board of review's comparables, which are similar to the subject in age, location, dwelling size, and some features. These comparables have improvement assessments that range from \$6,818 to \$14,957 or from \$5.54 to \$12.92 per square foot of living area. The subject's improvement assessment of \$13,353 or \$12.01 per square foot of living area falls within the range established by the best comparables in this record. Based on this record and after considering adjustments to the best comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
