

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Rosario Lopez
DOCKET NO.: 21-39081.001-R-1
PARCEL NO.: 26-17-103-030-0000

The parties of record before the Property Tax Appeal Board are Rosario Lopez, the appellant, by attorney Salvador Lopez, of Robson & Lopez LLC in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$3,660
IMPR.: \$9,340
TOTAL: \$13,000

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story building of masonry exterior construction with 2,601 square feet of building area. The building is approximately 105 years old. Features of the building include a full basement with finished area. The property has a 3,660 square foot site and is located in Chicago, Hyde Park Township, Cook County. The subject is classified as a class 2-11 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument the appellant submitted information on four equity comparables located within the same block or within .3 of a mile of the subject. The comparables consist of class 2-11 buildings of masonry exterior construction ranging in size from 1,736 to 3,092 square feet of building area. The buildings are 101 to 104 years old. Each building has a full basement, three of which have finished area. Three comparables each have a

1-car or 2-car garage. The comparables have improvement assessments ranging from \$4,340 to \$9,313 or from \$2.33 to \$3.01 per square foot of building area. Based on this evidence, the appellant requested a reduction in the subject's assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$13,000. The subject property has an improvement assessment of \$9,340 or \$3.59 per square foot of building area.

In support of its contention of the correct assessment the board of review submitted information on four equity comparables located within the same block or .25 of a mile of the subject. The comparables consist of two-story class 2-11 buildings of masonry exterior construction ranging in size from 2,030 to 2,511 square feet of living area. The buildings are 95 or 105 years old. Each building has a full basement, three of which are finished with a recreation room or an apartment. Each comparable also has a 2-car or 2.5-car garage. The comparables have improvement assessments ranging from \$9,340 to \$12,280 or from \$3.72 to \$5.28 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill. Admin. Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity, and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill. Admin. Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted a total of eight equity comparables to support their respective positions before the Property Tax Appeal Board. The Board has given reduced weight to the appellant's comparables and board of review comparable #3, which differ from the subject in building size.

The Board finds the best evidence of assessment equity to be board of review comparables #1, #2, and #4, which are similar to the subject in age, location, and building size. These most similar comparables have improvement assessments that range from \$9,340 to \$12,280 or from \$3.72 to \$5.28 per square foot of building area. The subject's improvement assessment of \$9,340 or \$3.59 per square foot of living area falls within the range established by the best comparables in this record overall and below the range on a per-square-foot basis. Based on this record and after considering adjustments to the best comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
