

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Mohammad Davoudabadi
DOCKET NO.: 21-39083.001-R-1
PARCEL NO.: 04-26-401-032-0000

The parties of record before the Property Tax Appeal Board are Mohammad Davoudabadi, the appellant, by attorney Salvador Lopez, of Robson & Lopez LLC in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$11,730
IMPR.: \$64,878
TOTAL: \$76,608

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of masonry exterior construction with 3,154 square feet of living area. The home is approximately 13 years old. Features include a full basement with finished area, central air conditioning, two fireplaces, and a 2-car garage. The property has a 10,200 square foot site and is located in Glenview, Northfield Township, Cook County. The subject is classified as a class 2-78 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on four equity comparables that are located in the subject's assessment neighborhood code. The comparables are improved with class 2-78 dwellings of masonry exterior construction ranging in size from 2,996 to 3,800 square feet of living area. The homes range in age from 20 to 55 years old. Three

comparables each a full or partial basement, one of which has finished area, and one comparable has a slab foundation. Each comparable has central air conditioning and either a 2-car or a 3-car garage. Three comparables each have a fireplace. The comparables have improvement assessments ranging from \$45,120 to \$62,374 or from \$15.06 to \$16.48 per square foot of living area. Based on this evidence, the appellant requested that the subject's improvement assessment be reduced to \$50,496 or \$16.01 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$76,608. The subject property has an improvement assessment of \$64,878 or \$20.57 per square foot of living area.

In support of its contention of the correct assessment, the board of review submitted information on four equity comparables that are located in the subject's assessment neighborhood code. The comparables are improved with 2-story, class 2-78 dwellings of frame, masonry, or frame and masonry exterior construction ranging in size from 2,268 to 3,381 square feet of living area. The homes range in age from 4 to 55 years old. The comparables each have a full basement, one of which has finished area. Each comparable has central air conditioning, either one or two fireplaces, and a 2-car garage. The comparables have improvement assessments ranging from \$46,613 to \$78,251 or from \$20.55 to \$24.28 per square foot of living area. Based on this evidence, the board of review requested that the subject's assessment be confirmed.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted eight suggested equity comparables for the Board's consideration. The Board finds the best evidence of assessment equity to be the appellant's comparable #1 as well as board of review comparables #3 and #4 which are more similar to the subject in location, design, age, and dwelling size with varying degrees of similarity in basement finish and other features. The comparables have improvement assessments ranging from \$56,526 to \$78,251 or from \$16.48 to \$24.28 per square foot of living area. The subject's improvement assessment of \$64,878 or \$20.57 per square foot of living area falls within the range established by the best comparables in this record. The Board gives less weight to the appellant's comparables #2, #3, and #4 as well as board of review comparables #1 and #2 which are less similar to the subject in dwelling size and/or age relative to other comparables in this record. Further, the appellant's comparable #3 lacks a basement foundation, which is a feature of the subject. After considering appropriate adjustments to the best comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
