

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Bret Streetman  
DOCKET NO.: 21-39160.001-R-1  
PARCEL NO.: 14-20-225-023-0000

The parties of record before the Property Tax Appeal Board are Bret Streetman, the appellant, by attorney Glenn Guttman, of Rieff Schramm Kanter & Guttman in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds A Reduction in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$46,875  
**IMPR.:** \$21,744  
**TOTAL:** \$68,619

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a 1.5-story dwelling of frame and masonry exterior construction with 1,722 square feet of living area. The dwelling is approximately 108 years old. Features of the home include a partial basement with finished area, central air conditioning and a 2-car garage. The property has a 3,125 square foot site and is located in Chicago, Lake View Township, Cook County. The subject is classified as a class 2-03 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant's appeal is based on overvaluation. In support of this argument, the appellant completed Section IV - Recent Sale Data of the appeal disclosing the subject property was purchased on July 1, 2021, for a price of \$686,185; the parties to the transaction were not related; and the property was sold by a realtor and advertised for sale through the Multiple Listing Service (MLS) intermittently from 2019 to 2021 for a period of approximately five plus months.

To document the sale the appellant submitted the Settlement Statement which disclosed broker commissions were paid and the Multiple Listing Sheets. Based on this evidence, the appellant requested a reduction in the subject's assessment to reflect the purchase price.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$87,549. The subject's assessment reflects a market value of \$875,490 or \$508.41 per square foot of living area, land included, when using the level of assessment for class 2 property of 10% under the Cook County Real Property Assessment Classification Ordinance.

In support of its contention of the correct assessment the board of review submitted information on four comparable sales with the same assessment neighborhood code as the subject. The comparables have sites ranging in size from 2,280 to 3,125 square feet of land area and are improved with 1.5-story dwellings ranging in size from 1,363 to 1,628 square feet of living area. The dwellings are 128 or 133 years and have partial or full basements, with one having finished area. Three comparables have central air conditioning and two comparables each have a 2-car garage. The comparables sold from April 2020 to July 2021 for prices ranging from \$795,000 to \$1,025,000 or from \$583.27 to \$660.86 per square foot of living area, including land. The board of review also disclosed the subject sold in July 2021 for \$686,185. Based on this evidence the board of requested confirmation of the subject's assessment.

### **Conclusion of Law**

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant met this burden of proof and a reduction in the subject's assessment is warranted.

The Board finds the best evidence of market value to be the purchase of the subject property in July 2021 for a price of \$686,185. The appellant provided evidence demonstrating the sale had the elements of an arm's length transaction. The appellant completed Section IV - Recent Sale Data of the appeal disclosing the parties to the transaction were not related, the property was sold using a Realtor, the property had been advertised on the open market through the Multiple Listing Service and it had been on the market intermittently for five plus months. In further support of the transaction the appellant submitted a copy of the settlement statement. The Board finds the purchase price is below the market value reflected by the assessment. The Board finds the board of review did not present any sufficient evidence to challenge the arm's length nature of the transaction and the comparables submitted by the board of review do not overcome the arm's length sale of the subject. Based on this record the Board finds the subject property had a market value of \$686,185 as of January 1, 2021. Since market value has been determined, the level of assessment for class 2 property under the Cook County Real Property Assessment Classification Ordinance of 10% shall apply. 86 Ill.Admin.Code §1910.50(c)(2).

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
