

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Steven Bauer
DOCKET NO.: 21-39713.001-R-1
PARCEL NO.: 18-07-416-030-0000

The parties of record before the Property Tax Appeal Board are Steven Bauer, the appellant, by attorney Brian S. Maher, of Weis, DuBrock, Doody & Maher in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$7,246
IMPR.: \$95,673
TOTAL: \$102,919

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of masonry exterior construction with 3,905 square feet of living area. The dwelling is 8 years old. Features of the home include a basement with finished area, central air conditioning, and a fireplace. The property has a 9,350 square foot site and is located in Western Springs, Lyons Township, Cook County. The subject is classified as a class 2-08 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument the appellant submitted information on three equity comparables located within the subject's assessment neighborhood. The comparables consist of 2-story dwellings of stucco, frame, or frame and masonry exterior construction ranging in size from 3,998 to 4,332 square feet of living area. The homes are 7 to 15 years old. Each dwelling

has central air conditioning, a fireplace, and a basement with finished area. Two comparables each have a 3-car garage. The comparables have improvement assessments ranging from \$81,254 to \$91,350 or from \$18.76 to \$22.85 per square foot of living area. Based on this evidence, the appellant requested a reduced improvement assessment of \$81,497 or \$20.87 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$102,919. The subject property has an improvement assessment of \$95,673 or \$24.50 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on four equity comparables located within the subject's assessment neighborhood. The comparables consist of 2-story class 2-08 dwellings of frame or masonry exterior construction ranging in size from 3,919 to 4,177 square feet of living area. The homes are 4 to 15 years old. Each dwelling has central air conditioning, a basement with three having finished area, and either a 1-car, 2.5-car, or 3-car garage. Three comparables each have one or two fireplaces. The comparables have improvement assessments ranging from \$96,384 to \$111,858 or from \$24.59 to \$27.59 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill. Admin. Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity, and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill. Admin. Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted a total of seven equity comparables to support their respective positions before the Property Tax Appeal Board. The Board has given reduced weight to the board of review's comparable #4, which lacks finished basement area, a feature of the subject.

The Board finds the best evidence of assessment equity to be the appellant's comparables and board of review comparables #1, #2, and #3, which are similar to the subject in age, dwelling size, and some features. These comparables have improvement assessments that range from \$81,254 to \$111,858 or from \$18.76 to \$27.59 per square foot of living area. The subject's improvement assessment of \$95,673 or \$24.50 per square foot of living area falls within the range established by the best comparables in this record. Based on this record the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
