

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Joe Leppert
DOCKET NO.: 21-39967.001-R-1
PARCEL NO.: 13-06-403-033-0000

The parties of record before the Property Tax Appeal Board are Joe Leppert, the appellant(s); and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$13,200
IMPR.: \$39,375
TOTAL: \$52,575

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2019 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of an 8,250 square foot parcel of land improved with a 94-year-old, multi-story¹, frame, single-family dwelling containing 2,198 square feet of building area. Amenities include multiple bathrooms², air conditioning, a fireplace³, a two and one-half car garage, and a full, finished basement. The property is located in Chicago, Jefferson Township, Cook County and is classified as a class 2 property under the Cook County Real Property Assessment Classification Ordinance.

¹ Appellant's petition discloses the subject is one and one-half story while the board of review lists the subject as a two-story.

² Appellant's petition discloses the subject contains two bathrooms while the board of review lists the subject as containing two and one-half bathrooms.

³ Appellant's petition in rebuttal asserts that the fireplace has been inactive for over 25 years.

The appellant contends overvaluation as the basis of the appeal. However, the appellant also included five equity comparables in his evidence. In support of the market value argument, the appellant submitted four sales comparables. These comparables are described as two-story, frame, single-family dwellings. They range in age from 73 to 98 years and in size from 1,945 to 2,172 square feet of building area. Amenities included from two to three bathrooms, air conditioning for three comparables, a fireplace for three comparables, a two-car garage for three comparables, and, for three comparables, a full, unfinished basement. They sold from 1980 to 2021 for prices ranging from \$86,500 to \$554,500 or from \$42.91 to \$285.09 per square foot of building area.

In support of the equity argument, the appellant submitted five comparables. These comparables are described as two-story, frame, single-family dwellings. They range: in age from 73 to 99 years; in size 1,794 to 2,172 square feet of building area; and in improvement assessment from \$11.22 to \$14.91 per square foot of building area.

The comparables grid in the appellant's petition lists the subject's assessment as \$60,000 with an improvement assessment of \$39,375. However, the board of review decision submitted by the appellant lists the subject total assessment is \$52,364.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the subject's total assessment of \$52,364 with an improvement assessment of \$31,739 or \$14.44 per square foot of building area. The total assessment reflects a market value of \$523,640 or \$238.23 per square foot of building area using the Cook County Real Property Assessment Classification Ordinance level of assessment for class 2 property of 10%.

In support of the assessment the board of review submitted three comparables. These comparables are described as two-story, frame or masonry, single-family dwellings. Amenities include from one to two bathrooms, air conditioning for two properties, a fireplace for two properties, a one or two car garage, and a partial or full basement with one finished. They range: in age from 75 to 94 years; in size from 1,152 to 1,780 square feet of building area; and in improvement assessment from \$15.47 to \$18.46 per square foot of building area. They sold from March to September 2021 for prices ranging from \$290.80 to \$351.08 per square foot of building area.

In rebuttal, submitted a new petition listing the subject's assessment as \$52,364 with an improvement assessment of \$31,739 or \$14.44 per square foot of living area. In addition, the appellant included the board of review's comparables on the petition's grid.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c).

The Board finds the best evidence of market value to be the appellant's comparables #3 and the board of review's comparables with most weight placed on the appellant's comparable and the board of review's comparable #2. These properties are most similar in size and construction. These comparables had sales prices ranging of \$180.00 and \$314.61 per square foot of building area. The remaining comparables were given less weight as their sale dates are too far removed from the lien date to accurately reflect the subject's assessment as of January 1, 2021. In comparison the subject's assessment reflects a market value of \$238.23 per square foot of building area is with the range of the best comparables in this record. Based on this record the Board finds the appellant did not demonstrate by a preponderance of the evidence that the subject was overvalued and a reduction in the subject's assessment is not justified.

The taxpayer also contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b).

The Board finds the best evidence of assessment equity to be the appellant's comparables #1, #2 and #5. These comparables contain from 2,016 to 2,172 square feet of building area and had improvement assessments ranging from \$11.22 to \$14.91 per square foot of building area. The remaining comparables were given less weight due to differences in construction and/or size. In comparison the subject's improvement assessment of \$14.44 per square foot of building area is within the range of the best comparables in this record. Based on this record the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's improvements is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.

DISSENTING: _____

CERTIFICATION

As Clerk of the Illinois Property Tax Appeal Board and the keeper of the Records thereof, I do hereby certify that the foregoing is a true, full and complete Final Administrative Decision of the Illinois Property Tax Appeal Board issued this date in the above entitled appeal, now of record in this said office.

Date: July 18, 2023

Clerk of the Property Tax Appeal Board

IMPORTANT NOTICE

Section 16-185 of the Property Tax Code provides in part:

"If the Property Tax Appeal Board renders a decision lowering the assessment of a particular parcel after the deadline for filing complaints with the Board of Review or after adjournment of the session of the Board of Review at which assessments for the subsequent year or years of the same general assessment period, as provided in Sections 9-125 through 9-225, are being considered, the taxpayer may, within 30 days after the date of written notice of the Property Tax Appeal Board's decision, appeal the assessment for such subsequent year or years directly to the Property Tax Appeal Board."

In order to comply with the above provision, YOU MUST FILE A PETITION AND EVIDENCE WITH THE PROPERTY TAX APPEAL BOARD WITHIN 30 DAYS OF THE DATE OF THE ENCLOSED DECISION IN ORDER TO APPEAL THE ASSESSMENT OF THE PROPERTY FOR THE SUBSEQUENT YEAR OR YEARS. A separate petition and evidence must be filed for each of the remaining years of the general assessment period.

Based upon the issuance of a lowered assessment by the Property Tax Appeal Board, the refund of paid property taxes is the responsibility of your County Treasurer. Please contact that office with any questions you may have regarding the refund of paid property taxes.
