

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: 5120 Winchester, LLC
DOCKET NO.: 21-40174.001-R-1
PARCEL NO.: 14-07-400-012-0000

The parties of record before the Property Tax Appeal Board are 5120 Winchester, LLC, the appellants, by attorney Nicholas T. McIntyre, of Much Shelist, P.C. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **A Reduction** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND:	\$28,499
IMPR.:	\$1
TOTAL:	\$28,500

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a three-story dwelling of masonry construction with 4,104 square feet of living area. The dwelling is approximately 100 years old. Features of the home include a full basement, three bathrooms, and a two-car garage. The property is a 5,232 square foot site located in Chicago, Lakeview Township, Cook County. The subject is classified as a class 2-11 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant's appeal is based on overvaluation. In support of this argument the appellant submitted evidence disclosing the subject property was purchased on January 7, 2022, for a price of \$285,000. The appellant completed Section IV - Recent Sale Data of the appeal disclosing the subject was sold by the owner, was advertised for sale, was not sold due to a foreclosure action nor a contract for deed, and the parties were not related. In addition, the appellant provided a settlement statement documenting the sale of the subject, as well as a realtor contract. Based on

this evidence, the appellant requested a reduction in the subject's assessment to reflect the purchase price.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$75,837. The subject's assessment reflects a market value of \$758,370 or \$184.78 per square foot of living area, land included, when applying the level of assessments for class 2 property of 10% under the Cook County Real Property Assessment Classification Ordinance.

In support of its contention of the correct assessment, the board of review submitted information on four comparable sales, all of which are the same 2-11 classification and located within the subject's assessment neighborhood code. The comparable properties have sites that range in size from 3,525 to 6,280 per square foot of land area. The comparable properties are improved with two- or three-story dwellings of frame or masonry construction ranging in size from 2,704 to 6,654 square feet of living area. The properties range in age from 103 to 126 years old. Each comparable has a full basement. The properties sold from June 2018 to July 2021 for prices ranging from \$760,000 to \$1,125,000 or from \$235.44 to \$316.23 per square foot of living area, land included. Based on this evidence, the board of review requested the subject's assessment be confirmed.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant met this burden of proof and a reduction in the subject's assessment is warranted.

The Board finds the best evidence of market value to be the purchase of the subject property in January 2022 for a price of \$285,000. The appellant provided evidence demonstrating the sale had the elements of an arm's length transaction. The appellant completed Section IV - Recent Sale Data of the appeal disclosing the parties to the transaction were not related and the property had been advertised for sale. In further support of the transaction the appellant submitted a copy of the sales contract and settlement statement contemplating a transaction between a willing seller and a willing buyer. The Board finds the board of review did not present any evidence to challenge the arm's length nature of the transaction. The Board finds the purchase price is below the market value reflected by the assessment. Therefore, a reduction in the subject's assessment commensurate with the appellant's request is appropriate.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
