

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Susan Smith
DOCKET NO.: 21-40236.001-R-1
PARCEL NO.: 14-33-107-021-0000

The parties of record before the Property Tax Appeal Board are Susan Smith, the appellant, by attorney Salvador Lopez of Robson & Lopez LLC in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$37,500
IMPR.: \$259,726
TOTAL: \$297,226

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a three-story dwelling of masonry exterior construction with 4,455 square feet of living area. The dwelling is either 11 or 17 years old.¹ The home features a full basement, central air conditioning, either two full bathrooms and one-half bathroom or three full bathrooms, a fireplace and a 2-car garage. The property has a 3,000 square foot site and is located in Chicago, North Chicago Township, Cook County. The subject is classified as a class 2-08 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument the appellant submitted information on four equity

¹ The parties differ as to the age, bathroom count and basement finish of the subject dwelling. The appellant reported the dwelling is 11 years old, has 3 bathrooms and a basement recreation room, whereas the board of review reported the dwelling is 17 years old, has 2½ bathrooms and an unfinished basement.

comparables that have the same assessment neighborhood code and property classification code as the subject. The comparables are located from .5 to .7 of a mile from the subject property. The comparables are improved with dwellings of masonry exterior construction ranging in size from 3,832 to 4,692 square feet of living area. The dwellings are from 1 to 21 years old. Each comparable has a full basement, three of which are finished with a recreation room. Each comparable has central air conditioning, three to six full bathrooms and two fireplaces. Three comparables each have a 2-car garage. The comparables have improvement assessments that range from \$162,750 to \$208,168 or from \$40.85 to \$45.91 per square foot of living area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$196,109 or \$44.02 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$297,226. The subject property has an improvement assessment of \$259,726 or \$58.30 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on four equity comparables that have the same assessment neighborhood code and property classification code as the subject. The comparables are located within ¼ of a mile from the subject property and are improved with three-story dwellings of masonry exterior construction ranging in size from 4,457 to 4,740 square feet of living area. The dwellings are from 16 to 19 years old. The comparables each have a full basement, three of which are finished with a formal recreation room. Each comparable has central air conditioning and three or four full bathrooms, one or two half bathrooms, two or three fireplaces and either a 2-car or a 2.5-car garage. The comparables have improvement assessments that range from \$272,131 to \$294,200 or from \$60.02 to \$62.07 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted a total of eight comparable properties for the Board's consideration. The Board has given less weight to the appellant's comparables which differ from the subject dwelling in size or age.

The Board finds the best evidence of assessment equity to be the four comparables submitted by the board of review, which are overall more similar to the subject in location, dwelling size, design, age and some features. The comparables have improvement assessments ranging from \$272,131 to \$294,200 or from \$60.02 to \$62.07 per square foot of living area. The subject's improvement assessment of \$259,726 or \$58.30 per square foot of living area falls below the

range established by the best comparables in the record. Based on this record and after considering adjustments to the best comparables for differences when compared to the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
