

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Sarah McDermott  
DOCKET NO.: 21-40285.001-R-1  
PARCEL NO.: 14-08-317-023-0000

The parties of record before the Property Tax Appeal Board are Sarah McDermott, the appellant(s), by attorney Marie Mactal, of the Law Offices of Terrence Kennedy Jr. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$37,200  
**IMPR.:** \$34,800  
**TOTAL:** \$72,000

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a Cook County Board of Review decision pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160), challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a 3,813-square-foot frame construction building on a 4,650-square-foot lot in Chicago, Lake View Township, Cook County. The 123-year-old home, a class 2-11 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends that the assessed property is inequitably assessed. To show nonuniformity, the appellant proposed five two-story properties within a mile of the subject property, with improvement assessments ranging from \$5.57 to \$8.35 per living square foot. These potential comparators varied from 59 to 121 years in building age and from 3,740 to 4,572 square feet in improvement size.

The board of review countered that the subject improvement assessment of \$34,800 or \$9.13 per living square foot, was equitable in its "Notes on Appeal." In defense of the \$72,000 total subject

assessment, the county board of review nominated four buildings within 1/4 of a mile to the subject property. The board of review's preferred comparators all had full basements. These properties ranged in age from 109 to 121 years in building age; between 3,690 and 3,936 square feet in living area; and between \$9.31 and \$10.80 per living square foot in improvement assessment.

### **Conclusion of Law**

The taxpayer contends assessment inequity as the basis of the appeal. The Illinois Constitution requires real estate taxes "be levied uniformly by valuation ascertained as the General Assembly shall provide by law." Ill. Const., art. IX, § 4 (1970); *Walsh v. Property Tax Appeal Board*, 181 Ill. 2d 228, 234 (1998). Yet this uniformity provision of the Illinois Constitution does not require absolute equality in taxation; instead, a reasonable degree of uniformity in the taxing authority's assessments suffices. *Peacock v. Property Tax Appeal Board*, 339 Ill. App. 3d 1060, 1070 (4th Dist. 2003).

When the ground for appeal is unequal treatment in the assessment, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e); *Walsh*, 181 Ill. 2d at 234 (1998). Clear and convincing evidence means more than a preponderance of the evidence, but it does not need to approach the degree of proof needed for a criminal conviction. *Bazyldo v. Volant*, 164 Ill. 2d 207, 213 (1995). Proof of unequal treatment in the assessment should consist of assessment documentation for the year in question of similarly situated properties with compelling proximity to, and lack of distinguishing characteristics from, the subject property. 86 Ill.Admin.Code §1910.65(b).

The Property Tax Appeal Board (PTAB) finds the appellant fell short of satisfying this burden of proof. As the properties in evidence nearest and most similar to the subject improvement, board of review comparables #1, #2, #3, and #4, and the appellants comparables #3, #4, and #5 establish the range of equitable assessments for the subject improvement. As such, based on these comparators, the subject improvement would be equitably assessed from \$5.57 to \$9.31 per living square foot. Because the subject assessment of \$9.31 per improvement square foot falls within this range, PTAB concludes the appellant did not demonstrate inequitable assessment by clear and convincing evidence, and a reduction commensurate with the appellant's request is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
