

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Todd Borchardt
DOCKET NO.: 21-40506.001-R-1
PARCEL NO.: 14-19-422-013-0000

The parties of record before the Property Tax Appeal Board are Todd Borchardt, the appellant, by attorney Abby L. Strauss of Schiller Law P.C. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$37,500
IMPR.: \$22,500
TOTAL: \$60,000

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story multi-family building of frame exterior construction with 1,904 square feet of gross building area. The building is approximately 138 years old. Features of the building include a crawl space foundation and two full bathrooms. The property has a 3,000 square foot site and is located in Chicago, Lake View Township, Cook County. The subject is classified as a class 2-11 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument the appellant submitted information on four equity comparables that have the same assessment neighborhood code as the subject. The comparables are class 2-11 properties that are improved with multi-family buildings of frame exterior construction ranging in size from 1,788 to 2,190 square feet of gross building area. The

buildings are from 122 to 132 years old. The comparables each have a full basement. No data was provided by the appellant concerning finished basement area. Each comparable has two or three full bathrooms and three comparables each have a two-car garage. The comparables have improvement assessments that range from \$2,994 to \$17,375 or from \$1.53 to \$8.37 per square foot of gross building area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$11,824 or \$6.21 per square foot of gross building area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$60,000. The subject property has an improvement assessment of \$22,500 or \$11.82 per square foot of gross building area.

In support of its contention of the correct assessment the board of review submitted information on four equity comparables that have the same assessment neighborhood code as the subject and are located either on the same block as the subject or approximately .25 of a mile from the subject property. The comparables are class 2-11 properties that are improved with two-story multi-family buildings of frame exterior construction ranging in size from 1,760 to 2,264 square feet of gross building area. The buildings are 133 or 138 years old. One comparable has a concrete slab foundation and three comparables each have a full or partial basement, one of which is finished with an apartment. Each comparable has from two to four full bathrooms. Comparable #4 has an additional half bathroom and two comparables each have a two-car garage. The comparables have improvement assessments that range from \$23,600 to \$36,375 or from \$13.41 to \$16.07 per square foot of gross building area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted eight comparable properties for the Board's consideration. The Board has given less weight to the appellant's comparable #1, which appears to be an outlier due to its considerably lower improvement assessment, when compared to the improvement assessments of the other comparables in the record. The Board has also given less weight to the appellant's comparables #2 and #3, as well as board of review comparable #3, which differ from the subject in building size.

The Board finds the best evidence of assessment equity to be the appellant's comparable #4 and board of review comparables #1, #2 and #4, which are overall more similar to the subject in location, building size and age. However, three of the four comparables each have a basement, three comparables have more bathrooms and three comparables each have a two-car garage when compared to the subject, suggesting downward adjustments would be required to make the

comparables more equivalent to the subject. Nevertheless, these comparables have improvement assessments ranging from \$14,964 to \$29,250 or from \$8.37 to \$14.88 per square foot of gross building area. The subject's improvement assessment of \$22,500 or \$11.82 per square foot of gross building area falls within the range established by the best comparables in the record. Based on this record and after considering adjustments to the best comparables for differences when compared to the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
