

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Donald Nehrke
DOCKET NO.: 21-40517.001-R-1
PARCEL NO.: 14-19-321-015-0000

The parties of record before the Property Tax Appeal Board are Donald Nehrke, the appellant, by attorney Abby L. Strauss of Schiller Law P.C. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$38,750
IMPR.: \$32,250
TOTAL: \$71,000

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story multi-family building of frame exterior construction with 2,555 square feet of gross building area. The building is approximately 118 years old. Features of the building include a full unfinished basement, two full bathrooms and a 2-car garage. The property has a 3,100 square foot site and is located in Chicago, Lake View Township, Cook County. The subject is classified as a class 2-11 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument the appellant submitted information on four equity comparables that have the same assessment neighborhood code and property classification code as the subject. The comparables are improved with multi-family buildings of frame exterior construction ranging in size from 2,656 to 2,874 square feet of gross building area. The

buildings are from 121 to 132 years old. The comparables each have a full basement. No data was provided by the appellant concerning finished basement area. Each comparable has two to four full bathrooms, two comparables have central air conditioning and three comparables each have either a 1.5-car or a 2-car garage. The comparables have improvement assessments that range from \$29,438 to \$31,938 or from \$10.72 to \$11.20 per square foot of gross building area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$28,182 or \$11.03 per square foot of gross building area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$71,000. The subject property has an improvement assessment of \$32,250 or \$12.62 per square foot of gross building area.

In support of its contention of the correct assessment the board of review submitted information on four equity comparables that have the same assessment neighborhood code and property classification code as the subject. The comparables are located approximately ¼ of a mile from the subject property. The comparables are improved with two-story multi-family buildings of frame exterior construction ranging in size from 2,076 to 2,354 square feet of gross building area. The buildings are 113 or 128 years old. One comparable has a concrete slab foundation and three comparables each have a full basement, one of which has finished area. Each comparable has two or three full bathrooms and one comparable has an additional half bathroom. Two comparables have central air conditioning and each comparable has a 2-car garage. The comparables have improvement assessments that range from \$31,250 to \$34,250 or from \$14.12 to \$16.09 per square foot of gross building area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted eight comparable properties for the Board's consideration. The Board has given less weight to the appellant's comparables #1 and #3, as well as board of review comparables #1, #3 and #4, which differ from the subject building in size.

The Board finds the best evidence of assessment equity to be the appellant's comparables #1 and #4, along with board of review comparable #2, which have the same assessment neighborhood code and property classification code as the subject and are overall more similar to the subject in building size. However, these three comparables have varying degrees of similarity when compared to the subject building in age and features, suggesting adjustments would be required to make the comparables more equivalent to the subject. Nevertheless, the comparables have improvement assessments ranging from \$29,438 to \$33,250 or from \$11.08 to \$14.12 per square

foot of gross building area. The subject's improvement assessment of \$32,250 or \$12.62 per square foot of gross building area falls within the range established by the best comparables in the record. Based on this record and after considering adjustments to the best comparables for differences when compared to the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
