

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Lindsey Lopatin
DOCKET NO.: 21-40540.001-R-1
PARCEL NO.: 14-20-408-044-0000

The parties of record before the Property Tax Appeal Board are Lindsey Lopatin, the appellant, by attorney Abby L. Strauss, of Schiller Law P.C. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$19,380
IMPR.: \$20,620
TOTAL: \$40,000

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 3-story townhouse dwelling of masonry construction with 1,243 square feet of living area. The dwelling is 32 years old. Features include a slab foundation, central air conditioning and a 1-car garage. The property has a 1,292 square foot site and is located in Chicago, Lake View Township, Cook County. The subject is classified as a class 2-95 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the subject's improvement as the basis of the appeal. In support of this argument the appellant submitted information on four comparable properties located within a different neighborhood code as the subject. The comparables are improved with class 2-95 dwellings of frame construction with either 1,173 or 1,241 square feet of living area. The dwellings are either 27 or 28 years old and have full basements. The appellant did not disclose whether the comparables' basements have any

finished area. Three comparables have central air conditioning. The comparables have improvement assessments ranging from \$11,237 to \$15,327 or from \$9.05 to \$13.07 per square foot of living area.

Based on this evidence the appellant requested a reduction in the subject's improvement assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$40,000. The subject property has an improvement assessment of \$20,620 or \$16.59 per square foot of living area. In support of its contention of the correct assessment the board of review submitted information on four comparable properties located within the same neighborhood code and on the same block as the subject. The comparables are improved with 3-story, class 2-95 dwellings of masonry construction with 1,243 square feet of living area. The dwellings are 32 years old. Features include a slab foundation, central air conditioning and a 1-car garage. The comparables have improvement assessments of \$29,305 or \$23.58 per square foot of living area.

Based on this evidence the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The Board finds the best evidence of assessment equity to be the board of review's comparables. These comparables are located in close proximity to the subject and have nearly identical improvements when compared to the subject. The best comparables had improvement assessments of \$29,305 or \$23.58 per square foot of living area. The subject's improvement assessment of \$20,620 or \$16.59 per square foot of living area falls below the improvement assessments of the best comparables in this record. After considering adjustments to the best comparables for differences when compared to the subject, the Board finds the subject's improvements appear to be underassessed. The Board gave less weight to the appellant's comparables, due to their differences in location and features when compared to the subject. Based on this record the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
