

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Lawrence Rosenblum
DOCKET NO.: 21-40543.001-R-1
PARCEL NO.: 14-20-325-044-0000

The parties of record before the Property Tax Appeal Board are Lawrence Rosenblum, the appellant, by attorney Abby L. Strauss, of Schiller Law P.C. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$45,000
IMPR.: \$30,256
TOTAL: \$75,256

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story building of frame construction with 1,942 square feet of building area. The building is approximately 128 years old and has a slab foundation. The property has a 3,000 square foot site and is located in Chicago, Lake View Township, Cook County. The subject is classified as a class 2-11 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the subject's improvement as the basis of the appeal. In support of this argument the appellant submitted information on four comparable properties located within the same neighborhood code as the subject. The comparables are improved with class 2-11 buildings of frame construction ranging in size from 1,811 to 2,398 square feet of building area. The buildings range in age from 124 to 132 years old and have full basements. The appellant did not disclose whether the comparables have any

finished basement area. One comparable has central air conditioning and a fireplace, and three comparables have either a 1.5-car or a 2-car garage. The comparables have improvement assessments ranging from \$8,016 to \$19,075 or from \$4.01 to \$8.20 per square foot of building area. Based on this evidence the appellant requested a reduction in the subject's assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$75,256. The subject property has an improvement assessment of \$30,256 or \$15.58 per square foot of building area.

In support of its contention of the correct assessment the board of review submitted information on four comparable properties located within the same neighborhood code as the subject. The comparables are improved with 2-story, class 2-11 buildings of frame construction ranging in size from 1,584 to 2,200 square feet of building area. The buildings are 133 years old and have unfinished full basements. Three comparables each have a 2-car garage. The comparables have improvement assessments ranging from \$28,624 to \$37,245 or from \$16.93 to \$20.68 per square foot of building area. Based on this evidence the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted a total of eight comparable properties for the Board's consideration, none of which have a slab foundation like the subject. Nevertheless, the Board finds the best evidence of assessment equity to be the appellant's comparable #2, as well as board of review's comparables #1, #3 and #4. These comparables have varying degrees of similarity to the subject. However, in addition to their dissimilar basement foundations, three of the parties' best comparables have a garage when compared to the subject. Nevertheless, the best comparables had improvement assessments that ranged from \$14,000 to \$37,245 or from \$7.73 to \$20.68 per square foot of building area. The subject's improvement assessment of \$30,256 or \$15.58 per square foot of building area falls within the range established by the best comparables in this record. After considering adjustments to the best comparables for differences when compared to the subject, the Board finds the subject's improvement assessment is supported. The Board gave less weight to the parties' remaining comparables, due to their considerable difference in building size when compared to the subject or their improvement assessment being an outlier when compared to the improvement assessments of the other properties in this record. Based on this record the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
