

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: AM-JM Realty, LLC
DOCKET NO.: 21-40556.001-R-1
PARCEL NO.: 14-20-229-031-0000

The parties of record before the Property Tax Appeal Board are AM-JM Realty, LLC, the appellant, by attorney Abby L. Strauss, of Schiller Law P.C. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$46,875
IMPR.: \$71,125
TOTAL: \$118,000

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 3-story building of masonry construction with 5,283 square feet of building area. The building is 131 years old. Features include a slab foundation and central air conditioning. The property has a 3,125 square foot site and is located in Chicago, Lake View Township, Cook County. The subject is classified as a class 2-11 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the subject's improvement as the basis of the appeal. In support of this argument the appellant submitted information on four comparable properties located within the same neighborhood code as the subject. The comparables are improved with class 2-11 buildings of masonry construction ranging in size from 5,043 to 5,511 square feet of building area. The buildings range in age from 112 to 118 years old and have full or partial basements. The appellant did not disclose whether the

comparables' basements have any finished area. Three comparables each have from a 1-car to a 3.5-car garage. The comparables have improvement assessments ranging from \$57,070 to \$65,500 or from \$11.32 to \$12.73 per square foot of building area. Based on this evidence the appellant requested a reduction in the subject's improvement assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$118,000. The subject property has an improvement assessment of \$71,125 or \$13.46 per square foot of building area. In support of its contention of the correct assessment the board of review submitted information on four comparable properties located on the same block and within the same neighborhood code as the subject. The comparables are improved with 3-story, class 2-11 buildings of masonry construction ranging in size from 4,193 to 5,067 square feet of building area. The buildings range in age from 131 to 133 years old and have unfinished full basements. One comparable has central air conditioning and two fireplaces, and three comparables have either a 1.5-car or a 2-car garage. The comparables have improvement assessments ranging from \$74,000 to \$81,000 or from \$15.39 to \$19.03 per square foot of building area. Based on this evidence the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted a total of eight comparable properties for the Board's consideration, none of which have a slab foundation like the subject. Nevertheless, the Board finds the best evidence of assessment equity to be the appellant's comparables #1, #3 and #4, as well as the board of review's comparables #2 and #4. These comparables have varying degrees of similarity to the subject. However, each of the parties' best comparables lack central air conditioning when compared to the subject. Albeit four have a garage, unlike the subject. Nevertheless, the best comparables had improvement assessments ranging from \$57,070 to \$81,000 or from \$11.32 to \$16.13 per square foot of building area. The subject's improvement assessment of \$71,125 or \$13.46 per square foot of building area falls within the range established by the best comparables in this record. After considering adjustments to the best comparables for differences when compared to the subject, the Board finds the subject's improvement assessment is supported. The Board gave less weight to the parties' remaining comparables, due to their difference in dwelling size when compared to the subject. Based on this record the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
