

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Connie Foster
DOCKET NO.: 21-40575.001-R-1
PARCEL NO.: 14-30-219-016-0000

The parties of record before the Property Tax Appeal Board are Connie Foster, the appellant, by attorney Abby L. Strauss of Schiller Law P.C. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$58,587
IMPR.: \$29,267
TOTAL: \$87,854

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 1.5-story dwelling of frame exterior construction with 1,197 square feet of living area. The dwelling is approximately 111 years old. Features of the home include a partial basement with finished area,¹ one full bathroom and a two-car garage. The property has a 4,687 square foot site and is located in Chicago, Lake View Township, Cook County. The subject is classified as a class 2-03 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument the appellant submitted information on four equity comparables that have the same assessment neighborhood code and property classification code as the subject property. The comparables are improved with dwellings of frame exterior

¹ The board of review disclosed the subject has a basement recreation room, which was not refuted by the appellant.

construction ranging in size from 1,335 to 1,654 square feet of living area. The homes are 118 or 122 years old. The comparables each have a full basement. No data was provided by the appellant concerning finished basement area. Each comparable has one full bathroom and a two-car garage. Two comparables have central air conditioning. The comparables have improvement assessments ranging from \$30,938 to \$38,158 or from \$22.73 to \$23.17 per square foot of living area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$27,579 or \$23.04 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$87,854. The subject property has an improvement assessment of \$29,267 or \$24.45 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on four equity comparables that have the same assessment neighborhood code and property classification code as the subject property. The comparables are improved with 1.5-story dwellings of frame exterior construction ranging in size from 1,078 to 1,417 square feet of living area. The homes are from 123 to 138 years old. The comparables each have a full basement, one of which has finished area. Each comparable has one full bathroom and either a one-car or a two-car garage. Two comparable each have an additional half bathroom and two comparables have central air conditioning. The comparables have improvement assessments ranging from \$28,937 to \$36,937 or from \$25.74 to \$26.84 per square foot of living area. Based on this evidence, the board of review requested the subject's assessment be confirmed.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted eight equity comparables for the Board's consideration. The Board has given less weight to the appellant's comparable #2 due to its larger dwelling size when compared to the subject in relation to the other comparables in the record.

The Board finds the best evidence of assessment equity to be the appellant's comparables #1, #3 and #4, along with the four comparables submitted by the board of review, which are overall more similar to the subject in location and dwelling size. However, these seven comparables have varying degrees of similarity when compared to the subject in age and features, suggesting adjustments would be required to make the comparables more equivalent to the subject. Nevertheless, the comparables have improvement assessments ranging from \$28,937 to \$36,937 or from \$22.73 to \$26.84 per square foot of living area. Most weight was given to board of review comparable #3 as it is the only comparable that reportedly has basement finish, like the subject and it has an improvement assessment of \$35,000 or \$26.20 per square foot of living

area. The subject's improvement assessment of \$29,267 or \$24.45 per square foot of living area falls within the range established by the best comparables in the record and is well supported by board of review comparable #3, the only comparable with basement finish, like the subject. Based on this record and after considering adjustments to the best comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
