

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Julia Pilliod
DOCKET NO.: 21-40581.001-R-1
PARCEL NO.: 14-30-214-024-0000

The parties of record before the Property Tax Appeal Board are Julia Pilliod, the appellant, by attorney Abby L. Strauss of Schiller Law P.C. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$39,062
IMPR.: \$57,594
TOTAL: \$96,656

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of frame exterior construction with 2,562 square feet of living area. The dwelling is approximately 22 years old. Features of the home include a full basement with finished area,¹ central air conditioning, three full bathrooms, one half bathroom, two fireplaces and a 2-car garage. The property has a 3,125 square foot site and is located in Chicago, Lake View Township, Cook County. The subject is classified as a class 2-78 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument the appellant submitted information on four equity comparables that have the same assessment neighborhood code and property classification code

¹ The board of review disclosed the subject has a basement recreation room, which was not refuted by the appellant in rebuttal.

as the subject property. The comparables are improved with dwellings of frame exterior construction ranging in size from 2,519 to 2,598 square feet of living area. The homes are from 23 to 33 years old. The comparables each have a full or partial basement. No data was provided by the appellant concerning finished basement area. Each comparable has central air conditioning, two or three full bathrooms, one fireplace and either a 2-car or a 2.5-car garage. The comparables have improvement assessments ranging from \$42,000 to \$53,938 or from \$16.67 to \$20.78 per square foot of living area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$50,343 or \$19.65 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$96,656. The subject property has an improvement assessment of \$57,594 or \$22.48 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on four equity comparables that have the same assessment neighborhood code and property classification code as the subject property. The comparables are located on the same street as the subject and either within the same block or approximately $\frac{1}{4}$ of a mile from the subject property. The comparables are improved with two-story dwellings of frame or masonry exterior construction ranging in size from 2,520 to 2,788 square feet of living area. The homes are from 15 to 22 years old. The comparables each have a full basement with finished area, central air conditioning, two or three full bathrooms, one half bathroom and a 2-car garage. Three comparables each have one or two fireplaces. The comparables have improvement assessments ranging from \$57,937 to \$81,937 or from \$22.99 to \$29.39 per square foot of living area. Based on this evidence, the board of review requested the subject's assessment be confirmed.

In written rebuttal, counsel for the appellant argued that the board of review's comparables #1 and #2 have masonry exteriors, whereas the subject has a frame exterior.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted eight equity comparables for the Board's consideration. The Board has given less weight to the appellant's comparables which were not reported to have basement finish, like the subject. Additionally, the appellant's comparable #1 also differs from the subject dwelling in age.

The Board finds the best evidence of assessment equity to be the comparables submitted by the board of review, which have basement finish, like the subject and are similar to the subject in

location, dwelling size, design, age and some features. These four comparables have improvement assessments ranging from \$57,937 to \$81,937 or from \$22.99 to \$29.39 per square foot of living area. The subject's improvement assessment of \$57,594 or \$22.48 per square foot of living area falls below the range established by the best comparables in the record. Based on this record and after considering adjustments to the best comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
