

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: 2638 Lin P & A, LLC
DOCKET NO.: 21-40716.001-R-1
PARCEL NO.: 14-29-410-011-0000

The parties of record before the Property Tax Appeal Board are 2638 Lin P & A, LLC, the appellant, by attorney Abby L. Strauss, of Schiller Law P.C. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$48,750
IMPR.: \$69,812
TOTAL: \$118,562

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 3-story mixed-use building of masonry exterior construction with 5,585 square feet of building area. The building is approximately 143 years old. Features of the building include a partial unfinished basement and central air conditioning. The property has a 3,250 square foot site and is located in Chicago, Lake View Township, Cook County. The subject is classified as a class 2-12 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on four comparables, each with a different assessment neighborhood code than the subject. The comparables are class 2-12 properties improved with mixed-use buildings of masonry exterior construction that range in size from 5,400 to 5,580 square feet of building area. The buildings are 72 to 133 years old,

three of which have partial or full basements and one of which has a slab foundation. Two comparables each have a 1-car or a 2-car garage. The comparables have improvement assessments that range from \$33,714 to \$60,625 or from \$6.04 to \$10.91 per square foot of building area. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$118,562. The subject property has an improvement assessment of \$69,812 or \$12.50 per square foot of building area.

In support of its contention of the correct assessment, the board of review submitted information on four equity comparables with the same assessment neighborhood code as the subject property. The comparables are class 2-12 properties improved with 2-story or 3-story mixed-use buildings of masonry exterior construction ranging in size from 5,520 to 5,982 square feet of building area. The buildings are 96 to 125 years old and have partial or full unfinished basements. Three comparables have central air conditioning. The comparables have improvement assessments that range from \$63,000 to \$84,593 or from \$11.41 to \$14.53 per square foot of building area. Based on this evidence, the board of review requests confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains eight suggested equity comparables for the Board's consideration. The Board gives less weight to the appellant's comparables as each has a different assessment neighborhood code than the subject. In addition, appellant's comparables #1 and #3 both have garages unlike the subject while appellant's comparable #4 lacks a basement foundation which is a feature of the subject. The Board gives less weight to board of review comparable #4 which is a 2-story building less similar to the subject in age.

The Board finds the best evidence of assessment equity to be board of review comparables #1, #2 and #3 which overall are most similar to the subject in location, age, building size and features. These comparables have improvement assessments ranging from \$81,750 to \$84,593 or from \$13.67 to \$14.53 per square foot of building area. The subject's improvement assessment of \$69,812 or \$12.50 per square foot of building area falls below the range established by the best comparables in this record. Based on this record and after considering adjustments to the best comparables for differences when compared to the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
