

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Donald Nehrke
DOCKET NO.: 21-40718.001-R-1
PARCEL NO.: 14-29-400-027-0000

The parties of record before the Property Tax Appeal Board are Donald Nehrke, the appellant, by attorney Abby L. Strauss, of Schiller Law P.C. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **A Reduction** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$45,000
IMPR.: \$28,392
TOTAL: \$73,392

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 3-story multi-family building of frame exterior construction with 2,184 square feet of building area.¹ The building is approximately 137 years old and has a full basement. The property has a 3,000 square foot site and is located in Chicago, Lake View Township, Cook County. The subject is classified as a class 2-11 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on four comparables with the same assessment neighborhood code as the subject. The comparables are class 2-11 properties improved with multi-family buildings of frame exterior construction ranging in size

¹ The description of the subject property was drawn from the appellant's evidence only as the board of review did not provide a description of the subject property.

from 2,142 to 2,260 square feet of building area. The buildings are 125 to 140 years old. Three comparables have full basements and one comparable has a crawl space foundation. Two comparables have 2-car garages. The comparables have improvement assessments that range from \$15,563 to \$28,702 or from \$7.27 to \$13.01 per square foot of building area. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$118,720. The subject property has an improvement assessment of \$73,720 or \$33.75 per square foot of building area.

In support of its contention of the correct assessment, the board of review submitted information on two equity comparables with the same assessment neighborhood code as the subject property. The comparables are class 2-11 properties improved with 1-story and 2-story multi-family buildings of masonry and frame exterior construction with 1,160 and 1,728 square feet of building area, respectively. The buildings are 98 or 123 years old with full basements, one of which is finished with a recreation room. The comparables have improvement assessments of \$64,150 and \$96,105 or \$55.30 and \$55.62 per square foot of building area. Based on this evidence, the board of review requests confirmation of the subject's assessment.

In rebuttal, the appellant critiqued the board of review comparables noting differences in living area or exterior construction.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant met this burden of proof and a reduction in the subject's assessment is warranted.

The record contains six suggested equity comparables for the Board's consideration. The Board gives less weight to appellant's comparables #1 and #2 which have 2-car garages when compared to the subject that lacks a garage. The Board gives less weight to board of review comparables #1 and #2 due to differences in building size when compared to the subject.

The Board finds the best evidence of equity to be appellant's comparables #3 and #4 which overall are most similar to the subject in location, age, building size and features. These comparables have improvement assessments of \$27,875 and \$28,570 or \$12.99 and \$13.01 per square foot of building area. The subject's improvement assessment of \$73,720 or \$33.75 per square foot of building area is higher than the best comparables in this record. Based on this record and after considering adjustments to the best comparables for differences when compared to the subject, the Board finds the appellant demonstrated with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
