

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Bernard Lecoq
DOCKET NO.: 21-40859.001-R-1
PARCEL NO.: 14-29-207-048-0000

The parties of record before the Property Tax Appeal Board are Bernard Lecoq, the appellant, by attorney Abby L. Strauss, of Schiller Law P.C. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$47,460
IMPR.: \$45,540
TOTAL: \$93,000

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 3-story, multi-family building of masonry exterior construction with 3,525 square feet of building area. The building is approximately 133 years old. The building features a full basement and a 1-car garage. The property has a 2,712 square foot site and is located in Chicago, Lake View Township, Cook County. The subject is classified as a class 2-11 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on four equity comparables that are located in the subject's assessment neighborhood code. The comparables are improved with class 2-11 multi-family buildings of masonry exterior construction ranging in size from 3,338 to 3,894 square feet of building area. The comparables range in age from 112 to

140 years old. Each comparable has a full basement, one comparable has central air conditioning, one comparable has three fireplaces, and two comparables each have a 2-car garage. The comparables have improvement assessments ranging from \$32,064 to \$39,883 or from \$8.23 to \$10.53 per square foot of building area. Based on this evidence, the appellant requested that the improvement assessment be reduced to \$33,805 or \$9.59 per square foot of building area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$93,000. The subject property has an improvement assessment of \$45,540 or \$12.92 per square foot of building area.

In support of its contention of the correct assessment, the board of review submitted information on four equity comparables that are located within the same assessment neighborhood code as the subject property. However, the Board finds comparable #4 is the same property as comparable #3 and will be excluded from further consideration in this decision. The comparables are improved with 3-story, class 2-11 multi-family buildings of masonry exterior construction ranging in size from 3,471 to 3,567 square feet of building area. The comparables range in age from 118 to 128 years old. Each comparable has a full basement, one of which has finished area, and either a 2-car or a 3-car garage. The comparables have improvement assessments ranging from \$46,835 to \$57,660 or from \$13.13 to \$16.55 per square foot of building area. Based on this evidence, the board of review requested that the subject's assessment be confirmed.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted seven suggested comparables for the Board's consideration. The Board finds the best evidence of assessment equity to be the appellant's comparables #2 and #3 as well as the board of review comparables which are similar to the subject in location, age, and building size with varying degrees of similarity in other features. These comparables have improvement assessments of \$32,813 to \$57,660 or from \$9.77 to \$16.55 per square foot of building area. The subject's improvement assessment of \$45,540 or \$12.92 per square foot of building area falls within the range established by the best comparables in this record. The Board gives less weight to the appellant's comparables #1 and #4 which each lack a garage, a feature of the subject, and/or has central air conditioning, unlike the subject. After considering appropriate adjustments to the best comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
