

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Carol Bodnarchuk  
DOCKET NO.: 21-40863.001-R-1  
PARCEL NO.: 14-29-131-016-0000

The parties of record before the Property Tax Appeal Board are Carol Bodnarchuk, the appellant, by attorney Abby L. Strauss, of Schiller Law P.C. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$52,500  
**IMPR.:** \$28,653  
**TOTAL:** \$81,153

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a 2-story, multi-family building of frame exterior construction with 1,760 square feet of building area. The building is approximately 130 years old. Features include a crawl space foundation and a 2-car garage. The property has a 3,000 square foot site and is located in Chicago, Lake View Township, Cook County. The subject is classified as a class 2-11 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on four equity comparables that are located in the same assessment neighborhood code as the subject property. The comparables are improved with class 2-11 multi-family buildings of frame exterior construction ranging in size from 1,830 to 2,108 square feet of building area. The comparables range in age from 115 to 143 years old. Three comparables each have a full basement and one

comparable has a concrete slab foundation. One comparable has a 2.5-car garage. The comparables have improvement assessments ranging from \$16,622 to \$20,652 or from \$9.04 to \$10.28 per square foot of building area. Based on this evidence, the appellant requested that the improvement assessment be reduced to \$17,301 or \$9.83 per square foot of building area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$81,153. The subject property has an improvement assessment of \$28,653 or \$16.28 per square foot of building area.

In support of its contention of the correct assessment, the board of review submitted information on four equity comparables that are located in the same assessment neighborhood code as the subject property. The comparables are improved with 2-story, class 2-11 multi-family buildings of frame exterior construction ranging in size from 1,428 to 1,840 square feet of building area. The comparables range in age from 130 to 137 years old. Three comparables each have a full basement and one comparable has a crawl space foundation. Two comparables each have a 2-car garage. The comparables have improvement assessments ranging from \$28,750 to \$33,187 or from \$18.04 to \$20.55 per square foot of building area. Based on this evidence, the board of review requested that the subject's assessment be confirmed.

### **Conclusion of Law**

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted eight suggested comparables for the Board's consideration. The Board finds the best evidence of assessment equity to be the appellant's comparable #4 and board of review comparable #1 which each lack a basement foundation, like the subject, and are similar to the subject in location, design, age, building size, and other features. These comparables have improvement assessments of \$18,807 and \$28,750 or \$10.28 and \$20.13 per square foot of building area, respectively. The subject's improvement assessment of \$28,653 or \$16.28 per square foot of building area is bracketed by the two best comparables in this record. The Board gives less weight to the parties' remaining comparables due to differences from the subject in foundation type and/or lack of a garage, which is a feature of the subject. After considering appropriate adjustments to the two best comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
